To the stakeholders of Pikeville Independent Schools:

Our district has a long-standing tradition of high expectations for both academic performance and student/staff conduct. This Code contains important information for each of us, regardless of our role in the school district. We share a tremendous personal responsibility to help maintain our schools as safe, orderly learning environments. Only by working together will we have a school district where students grow and learn without threat of harm. Please discuss this Code with the child(ren) in your family and emphasize the important role students must play in school safety.

The schools our students want and need require effort from the entire community. Thank you for your support of this Code and for helping us to provide students and staff a safe, orderly, and equitable learning environment.

All Pikeville Independent School's policies and related procedures are reviewed and/or updated annually. These policies and procedures can be accessed through our District Web Page ([www.pikeville.k12.ky.us/](http://www.pikeville.k12.ky.us/)) Board of Education/Board policies or you may access a hard copy of a particular policy and the related procedures at the main office of either Pikeville Elementary, Pikeville High School, or at the Board of Education located on 148 2<sup>nd</sup> Street, Pikeville KY 41501.

Sincerely,

Jerry T. Green, Superintendent

## **INFORMATION ABOUT TEACHER QUALIFICATION**

Parents may request and receive information regarding the professional qualifications of the student's classroom teachers and/or paraprofessionals, including; (a) whether the teacher is state certified; (b) whether a teacher is teaching under emergency or other provisional status; and (c) the baccalaureate degree major of the teacher and any other graduate degree or major certification of the teacher or paraprofessional. This information may be obtained by contacting the Pikeville Independent Board Office at (606) 432-8161.

## **STUDENT DIRECTORY INFORMATION NOTIFICATION**

Per P.L. 107-110 (No Child Left Behind Act of 2001) a district may designate within FERPA guidelines what it considers "Directory Information." Most districts already direction information via means of yearbooks or photos of athletes or athletic events—that is, students are identified by photo, name, and grade level. From time to time, the school, classroom, or individual students are recognized by school personnel, local or state government, and/or the media for noteworthy performance, achievement, and/or participation in co-curricular or extracurricular activities. This may require the release of some types of "directory information." As mentioned above, school publications such as the yearbooks, sports programs, graduation programs, and honor roll are considered to contain directory information. Following is a list of items that the Pikeville Independent District considers student directory information:

- Student's name/gender
- Address
- Photograph/video
- Date and place of birth
- Dates of attendance
- Student's major field of study
- Academic honors/degrees
- Honor roll
- Information about the student's participation in officially recognized activities and sports
- Student's weight and height (if member on an athletic team)
- Most recent educational institution attended
- NCLB Section 9528; allows military recruiters access to secondary school student names, addresses, and telephone listings

Consistent with the Family Educational Rights and Privacy Act (FERPA), parents (or eligible students) may direct the District not to disclose directory information listed above. We are required to disclose a student's name, address, and telephone listing at the

request of Armed Forces recruiters, unless a parent or high school student, regardless of age, requests that this information not be disclosed.

Per P.L. 107-110 (No Child Left Behind Act of 2001) if the District provides access to its campus or its student directory information concerning occupational or educational options, the Board shall provide access on the same basis to official recruiting representatives of the U.S. Armed Forces and its service academies, the Kentucky Air National Guard and the Kentucky Army National Guard.

**If you wish the Pikeville Independent School District to withhold student directory information please contact the main office in writing within thirty (30) days from the receipt of this notification. Remember that by withholding the student's name, grade level, or photograph, your child's information will not be documented in the above-mentioned publications, including school yearbook, program events, or other such publications.**

## Introduction

The Board of Education requires high standards of personal conduct from each student to promote respect for the rights of others and to accomplish the purposes of the schools. The Board also requires compliance with established standards and rules of the district and the laws of the community, state and nation.

The central purpose of the school system is to educate each student to the highest level possible. To support the success of the educational program, the Board directs employees to hold each student accountable to the Code of Acceptable Behavior and Discipline standards in a fair manner. Compliance with the standards is necessary to provide:

- Orderly operation of the schools
- A safe environment for students, district employees and visitors to the schools
- Assistance for students at risk of failure or of engaging in disruptive behavior
- Equitable opportunities for students to achieve at a high academic level in a productive learning environment
- Regular attendance of students
- Protection of property

This Code of Acceptable Behavior and Discipline applies to all students in the District while at school, on their way to and from school while on the bus or other District vehicle, and while they are attending school-sponsored trips and activities. The Superintendent or designee is responsible for its implementation and application throughout the District. The Principal of each school is responsible for administration and implementation of this Code in a uniform and fair manner without partiality or discrimination.

Each school/council must select and implement appropriate discipline and classroom management techniques necessary to carry out this Code and shall provide a list of the school's rules and discipline procedures in the school handbook.

Teachers and other instructional personnel are responsible for administering Code standards in the classroom, halls, and other duty assignment locations.

**This Code establishes minimum behavior standards. Recognizing that each school, grade or class may require special provisions, school councils, administrators, and teachers have full authority to make rules to enforce these standards in keeping with their areas of responsibility.**

## **DISTRICT MISSION**

The mission of the Pikeville Independent School District is to provide a rigorous, relevant education in a positive, nurturing environment to develop each student as a life-long learner and responsible citizen in a global community. (Spring 2006)

## **DISTRICT BELIEFS**

- The top priority of the Pikeville Independent School District is to provide challenging educational opportunities in a safe environment.
- The Board and the schools will make program decisions based on student needs.
- School success results in future success.
- Schools are responsible for creating an environment in which learners can and do succeed.
- The District will not tolerate incompetent performance, mediocre effort or harmful behavior by students or staff.
- Students, families, educators, and the community share the responsibility for student success and for providing safe schools to facilitate academic achievement.
- Teachers/school officials should involve parents at the earliest stages of students' behavior problems.

## **STATEMENT OF NONDISCRIMINATION**

The Board of Education does not discriminate on the basis of age, color, disability, parental status, marital status, race, national origin, religion, sex, or veteran status in the programs, activities and services it provides, as required by law. Individuals who have questions concerning compliance with this requirement should contact the Superintendent at the Board of Education's Central Office.

This **Code of Acceptable Behavior and Discipline** is to be kept on file in the Superintendent's office along with other documents pertaining to the operation of Pikeville Independent Schools. These include Board Policy and Procedures, District Safety Plan, Kentucky Revised Statutes and Administrative Regulations, District Special Education Policies and Procedures, School Council Policies, School Handbooks, and all other pertinent student records information that may be applicable.

Revision to this code may be necessary after its distribution to comply with new/revised statutes and regulations and case law. A complete copy of the *Board Policy and Procedure Manual* is available for inspection at each Principal's office or at the Central Office.

## **RIGHTS AND RESPONSIBILITIES**

As citizens of the United States of America, students may participate in activities that do not (1) materially or substantially disrupt the education process, (2) present a clear and present danger to the health and safety of self, others or property, or (3) infringe on the rights of others.

NOTE: A more detailed chart of violations and corresponding responses will be included in each school's handbook. - a. All incidents of violence and assault against school employees and students.

### **SEARCH AND SEIZURE**

Students have the right to be secure from unreasonable searches of their person and property. However, school authorities are authorized to search a student if they have reasonable suspicion that the search will reveal evidence that the student has violated or is violating this Code or a school rule or the law. Also, school authorities may conduct general inspections of jointly held property on a regular basis. All searches will be conducted in accordance with Board policy. Students cannot expect to have complete privacy in their use of school property assigned for their use, such as desks and lockers.

### **PHYSICAL RESTRAINT/CORPORAL PUNISHMENT**

Use of physical restraint or seclusion by school personnel is subject to 704 KAR 007:160. However, nothing in this policy prohibits the exercise of law enforcement duties by sworn law enforcement officers.

## **DEFINITIONS**

*PHYSICAL RESTRAINT MEANS A PERSONAL RESTRICTION THAT IMMOBILIZES OR REDUCES THE ABILITY OF A STUDENT TO MOVE THE STUDENT'S TORSO, ARMS, LEGS, OR HEAD FREELY.*

*SECLUSION MEANS THE INVOLUNTARY CONFINEMENT OF A STUDENT ALONE IN A ROOM OR AREA FROM WHICH THE STUDENT IS PREVENTED FROM LEAVING, BUT DOES NOT MEAN CLASSROOM TIMEOUTS, SUPERVISED IN-SCHOOL DETENTIONS, OR OUT-OF-SCHOOL SUSPENSIONS.*

The Board has established policy 09.2212 and related procedures to address the use of physical restraint and seclusion that are designed to promote the safety of all students, school personnel, and visitors. As required by 704 KAR 7:160 this policy and related procedures can be accessed through our District Web Page ([www.pikeville.k12.ky.us](http://www.pikeville.k12.ky.us)) Board of Education/Board policies or you may access a hard copy of this policy and related procedures at the main office of either Pikeville Elementary, Pikeville High School, or at the Board of Education located on 148 2<sup>nd</sup> Street, Pikeville KY 41501.

Employees are authorized by law to physically restrain students as necessary for the following reasons: To protect themselves, students, or others from physical injury; to get possession of a weapon or other dangerous objects; or to protect property from serious harm. Corporal Punishment should never be used as the first response to any behavioral violation, and can only be administered by certified personnel designated by Board policy, written permission must be on file, signed and dated by the student's parent or guardian before corporal punishment can be administered.

## **STUDENT RECORDS**

Records containing student information shall be made available to the parent of the student/guardian, or eligible student on written request. Eligible students include those 18 years of age or older or those enrolled in a postsecondary school program. For information concerning access or corrections to student records, contact the Principal or the Superintendent at the Central Office address and telephone number listed on the front cover.

## **REPORTS TO LAW ENFORCEMENT OFFICIALS**

When principals have reasonable belief that certain violations have taken place, they are required by law to immediately report them to law enforcement officials. Violations on school property or at a school-sponsored function requiring a report to law enforcement officials include:

- Assault resulting in serious physical injury

- A sexual offense
- Kidnapping
- Assault involving the use of a weapon
- Possession of a firearm in violation of the law
- Possession of a controlled substance in violation of the law; or
- Serious damage to school property

### WEAPONS

Students are never allowed to bring a weapon to school. The Board urges parents and other citizens to make sure that students do not have inappropriate access to weapons. Both Board policy and the law prohibit the carrying, bringing, using, or possessing of any weapon or dangerous instrument in any school building, on school grounds, in any school vehicle or at any school-sponsored activity. Except for authorized law enforcement officials, the Board policy and federal law specifically prohibit the carrying of concealed weapons on school property.

When a student violates the prohibition on weapons, the Principal shall immediately make a report to the Superintendent, who shall determine if charges for expulsion are to be brought before the Board. Unless the Board chooses to consider charges on a case-by-case basis, the penalty for students bringing a firearm or other deadly weapon, destructive device, or booby trap device to school or onto the school property under jurisdiction of the District shall be **expulsion for a minimum of twelve (12) months**. (The Gun-Free Schools Act of 1994, KRS 158.150, and Board Policy 05.48) District employees must also report to law enforcement officials if they know or have reasonable cause to believe that conduct has occurred that constitutes the carrying, possession, or use of a deadly weapon on the school premises, on a school bus, or at a school sponsored or sanctioned event.

### SUSPENSION EXPULSION & DUE PROCESS

For certain violations, administrators, such as the Superintendent and Principal, may remove (suspend) a student from school for up to ten (10) days per incident. Unless immediate suspension is necessary to protect persons or property or to avoid disruption of the educational process, the student shall not be suspended until he/she has been given due process (required by law). Due process must be given before educational benefits are taken away and shall include:

1. Oral or written notice of the charge(s) against the student.

2. An explanation of the evidence, if the student denies the charge(s).
3. An opportunity to present the student's own version of the facts concerning the charge(s).

A report of the suspension shall be made in writing to the Superintendent, the Director of Pupil Personnel and to the parent/guardian of the student being suspended. Suspension of a primary school student shall be considered only in exceptional cases where there are safety issues for the child or others.

Following legally required due process, the Board may expel any pupil from the regular school setting for misconduct as defined by law for periods longer than ten (10) days. In cases of expulsion, provision of educational services will be required unless the Board determines, on the record and supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff and cannot be placed in a state-funded agency program. Action to expel a pupil shall not be taken until the parent of the pupil has had an opportunity for a hearing before the Board.

### **GRIEVANCES**

Students and parents wishing to express an educational concern or grievance shall observe the following order of appeal, as described in board policy 09.4281:

1. Teacher
2. Principal
3. School council (where appropriate)
4. Superintendent
5. Board

However, when the grievance is of such a personal and private nature the grievant shall give his/her communication directly to the Principal and/or Superintendent as outlined in board policy 09.4281 AP.1.

### **Extracurricular Activity Grievances**

Any student who wishes to express an extracurricular concern or grievance shall observe the above order of appeal, whereby the coach or sponsor replaces the teacher as the first contact. Extracurricular grievances shall not be heard by the Superintendent or the Board of Education, but instead may be heard by the Site-Based Council, whereby the decision of the Council shall be final as outlined by board policies 09.4281 and 09.4281 AP.1.

## **HARASSMENT/DISCRIMINATION**

### **Definition**

Harassment/Discrimination is unlawful behavior based on race, color, national origin, age, religion, sex or disability that is sufficiently severe, pervasive, or objectively offensive that it adversely affects a student's education or creates a hostile or abusive educational environment and further defined by board policy 09.42811.

### **Disciplinary Action**

Harassment/Discrimination is prohibited at all times on school property and off school grounds during school-sponsored activities. Students who engage in harassment/discrimination of an employee or another student on the basis of any of the areas mentioned above shall be subject to disciplinary action, including but not limited to suspension and expulsion.

### **Reporting**

Students who believe they or any other student, employee, or visitor is being or has been subjected to harassment/discrimination shall, as soon as reasonably practicable, report it. Reports are to be made to the Principal and may be made directly to the Superintendent. Additionally, if sexual discrimination or harassment is being alleged, reports may be made directly to the District Title IX Coordinator. Additional information regarding reporting procedures and forms can be found in board policy 09.42811 and 09.42811 AP.2.

## **DRUG TESTING PROGRAM**

The Board has established a random drug testing program governing the illegal use of drugs by student participants on high school athletic teams, extra curricular activities, and student drivers. Guidelines to implement this program, including penalties for violation are described in board policy 09.423.

Each student who plans to participate in athletics at the high school level, participate in any high school sponsored extracurricular activity, and/or drive or park on school property, his/her parent or guardian shall sign a written consent for drug testing as a prerequisite to the student's participation in the above mentioned activities. Refusal of a student or the student's parents/guardian to submit and cooperate fully in the Drug Testing Program shall render the student ineligible to participate in the District's interscholastic athletic program,

extra-curricular activities, and/or drive on school property, until such time as the student and/or his/her parent/guardian fully submits and cooperates with the drug testing program.

## **DEVELOPMENT OF**

### **THE CODE OF ACCEPTABLE BEHAVIOR AND DISCIPLINE**

This Code was developed by a committee representing schools, the Central Office, the Board of Education, students, parents, and the community. The Attorney for the Board of Education has reviewed it, and the Board of Education adopted it on July 19, 2016.

Each year schools shall distribute copies of the Code to all students and employees of the district and to parents/guardians of the students, including those who enroll after the beginning of the school year. The Superintendent has directed that the Code be posted in each school, with the Principal being responsible for seeing that guidance counselors and other personnel discuss its contents with students in a timely and age-appropriate manner. In addition, each school will reference the Code in the school's handbook(s). On request, the Principal shall provide help for non-English speaking, blind, deaf, or non-reading students and parents so that they can have access to the information contained in the Code.

Each year, the Code Committee will review the Code in preparation for the upcoming school year. It welcomes suggestions as to how to improve this document. Individuals may send written comments to the Superintendent who will forward them to the Code Committee. Information should be submitted by April 1.

## **PIKEVILLE HIGH SCHOOL**

### **ATTENDANCE POLICY**

An absence shall be defined as a student who is not present and accounted for during a day when school is in session. Students returning to school after being absent must check in at the front office with a written admittance slip. It shall be the responsibility of the student to present the admittance slip to the homeroom teacher and all other teachers from whose classes the student was absent. Teachers shall not admit any student to class or homeroom without an admittance slip. A total of three (3) absences or tardies, per semester, may be marked excused when the student presents a note from the

parent/guardian stating a valid reason for the absence. Any other absence or tardy will be excused only when the student presents original documentation that a doctor has been consulted and in the opinion of the physician, the student should not have attended school. Absences due to other extenuating circumstances beyond the student's control must be appealed to the Attendance Committee and/or school principal for approval. All absences shall be considered unexcused unless the student brings a note from the parent or original documentation for an approved school absence (see below) upon returning to school. It is the sole responsibility of the student and parent to present this documentation to the front office attendance clerk at each school.

### **DEFINITIONS OF ABSENCES AND TARDINESS (Time Intervals)**

School will begin promptly at 8:05am each day. Students arriving after this time will be considered tardy. Any student who misses 34 percent or less of the school day will be counted as tardy. Students who are absent between 35 and 84 percent of the day are counted as being absent for one half of the school day. Students absent for 85 percent or more of the school day are counted as a full day absent.

Example: Students arriving to school between 8:06 and 10:20 AM would be counted as tardy. Students arriving after 10:20 AM and before 1:15 PM would be marked as absent for one half of the school day. Students checking out after 12:45PM would be counted as tardy. Students or parents, who allow their children to be excessively absent or tardy without valid excuse, will be in violation of local board policy 09.123 and KRS 159.150 and may be subject to both academic and legal penalties.

### **EXAMPLES OF EXCUSED ABSENCES**

Absences may be excused for the following reasons:

- Personal illness of the student
- Serious illness in the immediate family
- Death in the family
- Local medical or dental appointments (only a portion of the day may be used)
- To take driver's permit test (only a portion of the day may be used)
- To take driver's test (only a portion of the day may be used)

- Appearance in court as witness or one that is under subpoena to appear for circumstances that are not of the student's own offense.
- Extenuating circumstances that have been reviewed by the Principal, DPP or approved by the Attendance Committee.
- Other valid reasons as determined by the principal including trips qualifying as educational enhancement opportunities. (Note: An Educational Enhancement Request Form must be completed and returned to the Principal at least five (5) days prior to the absence.)
- Visitation to a college by a graduating senior when such visitation cannot be done other than during a school day. An Educational Enhancement Statement must be completed by the student and approved by the Principal at least five (5) days prior to the absence.
- Participation as part of a school sponsored interscholastic athletic team, who compete in a regional or state tournament sanctioned by the Kentucky Board of Education or the KHSAA

### **LOCAL BOARD POLICY**

**09.123** Local board policy states, unless otherwise noted in the school's approved SBDM policy, that any student who has an unexcused absence shall not be allowed to make up tests, class projects, or homework. The student will be given zeroes for all work assigned on the day the absence occurs. Written documentation as to the cause of the absence will need to be presented in order to make arrangements for the work to be made up.

**09.122** Compulsory Attendance - All children in the district who have entered Kindergarten or who are between the ages of six (6) as of October 1 and eighteen (18), except those specifically exempted by statute, shall enroll and be in regular attendance in the schools in which they are assigned.

### **TRUANCY**

Students who are excessively absent or tardy without valid excuse may be subject to both academic and legal penalties:

*KRS 159.150 states that any student who has been absent from school without valid excuse for three (3) or more days, or tardy without valid excuse for three (3) or more days during a one (1) year period is declared a truant. The Director of Pupil*

*Personnel (DPP) may cite a parent to the Court Designated Worker (CDW) under this statute for failure to send a child to school. Any child who has been reported as truant two (2) or more times during a one (1) year period is declared a habitual truant. Habitual truants will be cited by the DPP to appear before the CDW to answer the charge of failure to send a child to school. An assessment will be done by the CDW to determine if court action should follow. Parents may be fined for failing to send their child to school in either case as the law makes no differentiation between penalties for truants and habitual truants. (KRS 600.020)*

### **NO PASS/NO DRIVE LAW**

KRS 159.051 affects all public and non-public schools in Kentucky. The law applies to 16 and 17-year-olds. The law results in the revocation of a student's driver's permit or license for any of three different reasons:

**Academic Deficiency – defined as failing three (3) or more classes during any single semester.**

**Dropping out of School**

**Excessive Absences – A student with nine (9) or more absences in a single semester (including absences due to out of school suspensions) in considered non-compliant.**

Pikeville Independent Schools will report to the Transportation Cabinet any student who has violated any of the three criteria mentioned above and as set out in KRS 159.051. Reporting will be made at the end of each semester or earlier (per the district's choice).

### **EXAMPLES OF UNEXCUSED ABSENCES**

Absences will be considered unexcused when:

- The absence is not accompanied by a note from a parent-guardian or physician.
- The absence is a result of suspension by the school. (The student is still required to obtain an admittance slip upon return to school after the suspension period has been served.)
- The absence is a result of appearance in court due to unlawful activity on the part of the student. (The absence may be appealed if the court finds the student innocent of the charges.)

### **PRIOR APPROVAL OF ABSENCE BY ATTENDANCE COMMITTEE**

Unusual or extenuating circumstances, which necessitate students to be absent or out of town on days that school is in

session, must be approved by the DPP and/or Attendance Committee in advance if at all possible. The parent or guardian should write a letter to the DPP and/or Attendance Committee at least two weeks prior to the scheduled absence(s). This letter must provide an explanation as to the unusual or extenuating situation. The Attendance Committee and/or the DPP shall then determine if the absence(s) are to be excused and will communicate their decision to the parent in writing upon request.

### **CHECK-OUT POLICY**

Students who must leave before the school day ends must check out through the office. As a part of the safety policy, it is required that a parent or guardian must come to the school to check the student out (even if the student is 18 years or older). Upon returning to school, the student must obtain an admittance slip from the office before returning to classes. Students leaving school during any part of the day without checking out will be considered "skipping" school and will be reported to the DPP.

### **EXTRA CURRICULAR ATTENDANCE POLICY**

Students must be in attendance the entire school day (from the beginning of first period to the end of seventh period) in order to participate in an extra---curricular activity. Students absent from classes will not be allowed to participate in a practice, contest or event on the day of the absence.

Students should make every effort to schedule appointments (doctor, dental, etc.) on non---school days or after school hours. In the event that this is not possible then the following procedures must be followed:

1. Students must be present at the start of first period (8:05AM).
2. Students may check out for their appointment no sooner than 30 minutes prior to the appointment.
3. Students must return to school no later than 30 minutes after the time written on the doctor's excuse.
4. A doctor's note must be presented to the office upon the return to school.
5. Even with a doctor's note, a half---day of school attendance is required for a student to practice or participate in a contest. *One half day is defined as three and one---half (3 1/2) hours of total daily attendance on a regular school day.*

Exceptions to this policy must have prior approval of the athletic director/school administration and the student's coach. The principal/assistant principal will arbitrate in any questionable instance. Students who are suspended from school may not practice, participate or attend an event during the time of suspension. A student should never check in to school late the morning after a game. **GETTING HOME LATE FROM AN EXTRA CURRICULAR CONTEST WILL NEVER BE AN ACCEPTABLE EXCUSE FOR MISSING SCHOOL OR CHECKING IN LATE!**

### **UNEXCUSED ABSENCE AND TARDY POLICY**

In school and after school activities and privileges are awarded to all students if they do NOT have 6 or more unexcused absences and/or tardies to school per semester. The following are examples of these activities but are not limited to: co-curricular or extra-curricular field trips, dances, Powder Puff game, picnics, senior privileges, and any sports activity.

For any extra-curricular activities, a student with 6 or more unexcused absences and/or tardies per semester will not be allowed to participate for the rest of the semester.

A student may participate in Prom/Project Prom if they do NOT have 12 or more unexcused absences and/or tardies per year.

After 3 or more unexcused tardies per month, a student will receive Saturday school. Failure to attend Saturday School will result in a one day suspension.

Students with perfect attendance per semester will receive 1 semester exam exemption pass. (Perfect attendance, defined for the purposes of this policy, means no excused or unexcused absences or tardies)

### **WALKING TO AND FROM SCHOOL POLICY**

A student must submit a note from a parent/guardian in order to walk to and from school. The note must include a parent's signature and a call back number for verification.

In the event a student loses driving privileges the student is not permitted to walk to school (i.e. park close to school and walk to and from campus) in order to circumvent the loss of driving privileges.

### **SCHOOL CLOSING**

In the event of severely inclement weather or mechanical breakdown, school may be closed or the starting time delayed. The same conditions may also necessitate early dismissal. School closing, delayed starting time or early dismissal will be announced through the media and posted on the district

webpage. School closing or snow schedules will be announced. If no announcement is made, it can be assumed that school will be in regular session. Please do not call the school or the radio stations. Telephone lines must be kept open for emergencies.

### ***DISCIPLINARY DEFINITIONS/CONSEQUENCES***

**Corporal Punishment:** Corporal punishment, as defined by the Code, means swatting a student on the buttocks with a wooden paddle one to three times. The Pikeville Independent Board of Education approves no other form of corporal punishment. Corporal punishment is considered a serious action, a last line of in-school correction and not a negotiable item that may be chosen by the student as a substitute for any other discipline measure. Corporal punishment as determined by the Discipline Committee will be administered in private by an administrator or his designee and be witnessed by another teacher or administrator. The individual administering corporal punishment shall inform the parent/guardian, in writing or by phone, why the student was paddled, and provide the name of the witnesses. A written record of the paddling will be kept in the office and in the student's disciplinary file. Parents must be contacted within seven (7) days.

Each year, parents/guardians who object to corporal punishment shall confer with the principal and make a formal, written request that corporal punishment not be administered to their child, and the request will be honored by all school personnel. A list of exempted students will be maintained in the school office. A 1-3 day suspension from school will be substituted for corporal punishment for these children.

**Suspension (KRS 158.150):** Suspension from school is a disciplinary action that is taken by the school for severe violations of school rules and regulations. Suspensions are for one (1) to ten (10) days, depending on the severity of the case. Students on suspension are not allowed to take part in any school events or be on school property during the suspension period. Students will be accorded due process before any suspension.

**Expulsion:** Expulsion is a disciplinary action taken by the Pikeville Independent Board of Education which denies the student the opportunity to continue the education process in schools under its jurisdiction. Notification will be made to parents of a student who has been recommended by the principal for expulsion. A board hearing will be provided to the parents and student before board action is taken on the recommendation.

## **SEARCH AND SEIZURE**

The Fourth Amendment prohibits unreasonable search and seizure conducted by public school officials. However, there is a balance between student's legitimate expectations of privacy and the school's equally legitimate need to maintain an environment in which learning can take place. School officials are not required to obtain a warrant before searching a student or his property who is under their authority and control. Neither is the standard of probable cause as used in criminal cases applicable. A school search should depend simply on whether the search is reasonable under all the circumstances. Usually the search of a student or his property by a school official will be justified at its inception where there are reasonable grounds to suspect that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school (see the U.S. Supreme Court case of *New Jersey v T.L.O.*). An example of a proper search would be where an initial search for cigarettes was reasonable but in turn led to the discovery of drugs. When possible the Board of Education attorney should be consulted prior to a search if a question as to reasonableness of the search arises.

## **BULLYING/HAZING**

The mission of Pikeville Independent Schools is to provide a rigorous, relevant education in a positive, nurturing environment to develop each student as a life long learner and responsible citizen in a global community. A positive, nurturing environment implies a climate of safety and civility for the school community.

As referenced in board policy 09.422 the use of lewd, profane or vulgar language is prohibited. In addition, students shall not engage in behaviors such as hazing, bullying, menacing, taunting, intimidating, verbal or physical abuse of others, or other threatening behavior. This policy extends to any/all student language or behavior including, but not limited to, the use of electronic or online methods. Such behavior is disruptive to the educational process and interferes with the ability of other students to take advantage of the educational opportunities offered.

Bullying means any unwanted verbal, physical, or social behavior among students that involves a real or perceived power imbalance and is repeated or has the potential to be repeated:

- That occurs on school premises, on school-sponsored transportation, or at a school sponsored event
- That disrupts the educational process

Bullying includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose.

This definition shall not be interpreted to prohibit civil exchange of opinions or debate or cultural practices protected under state or federal Constitution where the opinion expressed does not otherwise materially or substantially disrupt the education process.

Students who believe they or any other student, employee, or visitor is being or has been subjected to harassment, discrimination and/ or bullying shall, as soon as reasonably practicable, report it. Students wishing to report the act of bullying/hazing or any violation, stated above, of the Code of Acceptable Behavior and Discipline may report it to any classroom teacher at their school, who shall take appropriate action as defined by board policy 9.422

The teacher shall refer the report to the principal/designee for further action when the report involves an offense that may warrant suspension or expulsion of a student, any felony offense, or a report that may be required by law, including reports to law enforcement.

Bullying, harassment, or intimidation is serious and will not be tolerated. *Bullying Forms* are available in the front office and can also be printed from school website. A *Bullying Form* is used report alleged bullying harassment, or intimidation that occurs on school property; at a school-sponsored activity or event off school property; on a school bus; or on the way to and/or from school. A student victim, parent/guardian of a student victim, a close adult relative of a student victim or a school staff member, can fill out the form. Completed forms should be given to school administration. Feel free to contact the school for assistance.

The principal and/or his designee will be responsible for investigation, reporting and appropriate disciplinary action if required.

### **APPEALS PROCEDURE**

With respect to all school matters, the order of appeal from a student shall be from the student to the teacher, from the teacher to the principal, from the principal to the superintendent, and from the superintendent to the Board of Education.

**\* KRS 158.156 and Pikeville Independent Board policy 09.2211 require, “Any employee of a school or a local board of education who knows or has reasonable cause to believe that a school student has been a victim of a violation of any felony offense specified in KRS Chapter 508 committed by another while on school premises, on school sponsored transportation, or at a school sponsored event shall immediately cause an oral or written report to be made to the Principal of the school attended by the victim. ### **RULES AND REGULATIONS**

#### **STUDENT DRIVERS**

Driving an automobile to school is a privilege granted by the Board of Education to students who are responsible and show a need to drive rather than use the transportation provided.

Each student who plans to participate in athletics at the high school level, participate in any high school sponsored extra-curricular activity, and/or drive or park on school property, his/her parent or guardian shall sign a written consent for drug testing as a prerequisite to the student’s participation in the above mentioned activities. Refusal of a student or the student’s parents/guardian to submit and cooperate fully in the Drug Testing Program shall render the student ineligible to participate in the District’s interscholastic athletic program, extra-curricular activities, and/or drive on school property, until such time as the student and/or his/her parent/guardian fully submits and cooperates with the drug testing program.

The driver and his parents or guardian assume all responsibility to and from school and while the vehicle is on the school grounds.

Driver of vehicle assumes responsibility for any and all riders. He or she is responsible for seeing that all students riding in

the car have rider's permits to ride with him/her. Drivers are bound by the following rules:

1. Each driver must have an application on file in the principal's office. Drivers must present driver's license and proof of insurance.
2. All riders in the car must have permits to ride with driver in his or her car.
3. Speeding and reckless driving will not be tolerated. (On school property 15mph is the maximum speed allowed.)
4. No students may drive around the building between 8 a.m. and 4 p.m. without permission from the office.
5. All students must park their cars in the designated area.
6. The students' cars must be parked in such a way as to permit entering and leaving the lot anytime. An opening must be left at each end of the lot for entering and leaving, and each car must be parked in such a way that other cars are not blocked in. All cars must park in the designated area.
7. Any other violation which tends to endanger, degrade, disrupt, or otherwise violate the normal rules of good conduct will not be tolerated.
8. Students are not to sit in cars after arriving on school grounds. Drivers and riders shall report to the school building immediately (within one minute of arrival).
9. Students are not allowed to leave school grounds after arrival without permission from the office.
10. Students are not allowed to go to their car during the school day without permission from the office.
11. Students may lose driving privileges due to excessive tardiness. Please review the *Tardy Policy*.

Violations of the above rules for a first offense will result in a one-week suspension of driving privileges and a second offense will result in a loss of driving privileges for one year. Minor infractions will result in parking only in upper lot area.

Traffic violations will be turned over the police at the discretion of the principal and habitual violations of the regulations will result in forfeiture of driving privileges.

Once a vehicle is on the school parking lot, a driver or rider may not return to the vehicle without permission. (Permission will be given only in an emergency as decided by the principal.)

Any reckless driving on the school campus (before school, during school, after school, or at school functions) that is

reported by a teacher or administrator will result in the student losing driving privileges. If a teacher cannot identify the driver but can give an automobile license number, then the student who is the registered driver of the automobile shall lose his/her driving privileges. **First offense—one week. Second offense—one month. Third offense—remainder of school year.** Contact will be made to the parents by registered letter to the address of the individual to whom the automobile is registered.

Parents are assuming liability for any damages caused by the automobile and any harm to student or students riding in the automobile.

Driving is a serious business and we hope each student will be a responsible and safe driver.

## **OTHER SCHOOL POLICIES**

### **PERFORMANCE BASED CREDIT POLICY**

In addition to Carnegie Units, Pikeville Junior High/High School students may earn credit toward graduation through the following methods consistent with Pikeville Independent Schools Policy 08.1131.AP.1.

TESTING OUT is an option in which students take a Comprehensive Course Exam to receive course credit.

1. Exams shall be prepared by the department and submitted to the Principal for review.
2. Exams for students wishing to "Test Out" will be scheduled for all students seeking to receive credit through this option.
3. Results of the test are final. There is no appeal process for testing out.

4. Only one test date for each test per school year will be scheduled. Special circumstances will be subject to approval by school administration.
5. A score greater than or equal to 83% is required for successful completion.
6. Students testing out of a class in the areas of Math, Science, Social Studies, and Language Arts must be enrolled in a class within that area each year prior to completion of the state assessment in that area.
7. If a student desires credit toward graduation for successful completion of the Comprehensive Course Exam he/she must make that request in writing to the principal. The principal may, after consultation with the department chair in the particular discipline, award credit to the student for the successful completion of the Comprehensive Course Exam.
8. If credit is awarded a grade will be assigned that reflects the student's score on the Comprehensive Course Exam and is consistent with the grading policy of PJHS/PHS.
9. If there is a state---mandated End of Course (EOC) assessment, the student must take the exam in the year credit is awarded (currently Algebra II, English II, Biology, US History).

### **ENRICHMENT PROGRAM POLICY**

Pikeville Junior High/High School encourages all students to participate in academic enrichment programs during the summer and/or through the school year. However, it is our belief it is not in the best interest of the student to allow an enrichment program to replace a course designed for yearlong study. While an enrichment program may allow a student to progress at an advanced pace we understand that there is merit in allowing time for deeper connections and complete understandings to form. We support any effort to increase exposure to content that students will be held accountable for when taking end of course exams and ACT. While enrichment programs may be of benefit in helping a student excel in a required PHS course, the enrichment program will not replace a course designed to fulfill academic standards for Kentucky and Pikeville Junior High/High School.

### **HUMANITIES POLICY**

According to Kentucky high school graduation requirements students must complete one credit in the History of Visual and Performing Arts. In order for students to be able to specialize in one of the four performing arts areas students may substitute a two-course sequence in a performance arts class (drama, band, choir) or visual arts in the place of the History of Visual and Performing Arts course.

## **PERSONAL TELECOMMUNICATION DEVICE POLICY**

Cellular, mobile, wearable and other personal telecommunication devices are to be turned off, not on vibrate, and not to be seen at any times during instructional time unless teachers expressly permit it. Students are allowed to use personal telecommunication devices during non-instructional time. Teachers/Staff have authority to require a student, caught in violation of this policy, to relinquish their personal telecommunication device(s) at any time. At the discretion of the teachers/staff personal telecommunication devices may be collected from a student or an entire group during instructional time.

Any student in violation of this policy and also discovered engaging in any of the following behaviors will be subject to further discipline as stated in the Pikeville Independent District Code of Conduct of Acceptable Behavior and Discipline. The following behaviors include but are not limited to:

- Possessing images or recordings of students or faculty without consent
- Possessing images or recordings of assessment materials without consent
- Failure to turn off device during instructional time without teacher consent
- Failure to relinquish the personal telecommunication device to any teacher or school staff person who observes a student in violation of this policy

As stated in Board policy, “Students are responsible for keeping up with devices they bring to school. The District shall not be responsible for loss, theft, or destruction of devices brought onto school property.”

The senior with the most votes will be elected Homecoming Queen.

A Homecoming dance will be held and may be attended by any PHS student in grades 9-12. Students from other high schools may be invited to attend with special approval by the Pikeville High School Administration.

A fee may be assessed for admission to the dance on an equal basis.

Students in violation of this will be sent home until objects are removed.
- Students will be required to change into appropriate attire (i.e. students will need to call home and have the proper attire brought to them before returning to class).

Continued violation of the dress code policy can result in additional consequences as determined by the school administration.

#### **PASSES FOR LEAVING SCHOOL**

Students are not permitted to leave the school grounds at any time during the school day without a permit from the office. If you must leave the building because of illness or any other

emergency, you must sign out in the office. Failure to follow the proper procedure will be considered an unexcused absence and the student will be punished accordingly. Parents must come to school to check students out—PHONE CALLS ARE NOT ACCEPTABLE!

Students are required to pay textbook rental fees.

### **HIGH SCHOOL GRADUATION POLICY**

The courses required to graduate from Pikeville High School are those listed in the Pikeville Independent Board Policy 08.113. Students need to complete 25 credits and all required classes to graduate.

Accounting
------------

In order to be honored as valedictorian or salutatorian at Pikeville High School, 50% of the student's credits must have been earned at Pikeville High School including being enrolled during the entire senior year. Weighted grades for transfer students will be weighted in our GPA calculations only if the sending school and receiving school weights that grade. Students transferring from another school may have weighted classes listed on their transcripts for college reporting by requesting this in the counseling office. These grades will be only for college reporting and not for the calculation of valedictorian or salutatorian. All correspondence courses will be unweighted.

AP and honors courses added to the curriculum at a later time will be added to the list of weighted courses for the purpose of determining valedictorian and salutatorian. When added, they will be phased in for the upcoming junior class.

**\*\*\*Beginning with the high school graduating class of 2016-2017 top ten academic honors will not be recognized during the high school graduation ceremony.**

All grade nine students will be given a clean record, but all incidences thereafter will accumulate for grades nine through twelve. If more than one incident occurs in a single day, they will all be treated as one incident.

### **SCHEDULE CHANGES POLICY**

Students in grades nine through twelve may transfer from one class to another within two calendar weeks after the beginning of the term with the approval of the principal and the teacher involved. In order for a student to make a change, an appropriate class must be available and counseling must precede the change in schedule.

Semester exams are optional for elective classes at teacher discretion per course syllabus.

### **AP CREDIT POLICY**

- 1) Students are required to take the AP Exam (or the make-up AP Exam) in an AP Class in order to receive AP Credit on his/her transcript. Failure to take the AP Exam (or the make-up AP Exam) in an AP Class will result in a student receiving regular credit for the class on his/her transcript (i.e., a student taking AP Biology would only receive a credit for Biology if he/she does not take the AP Exam).
- 2) Any student who does not take an AP Exam (or the make-up AP Exam) for an AP Class will be required to take a FINAL EXAM for that respective class.

### **TRANSCRIPTS**

A student must appear in person or a parent may call to request that a transcript be forwarded to another school or firm. Proper forms will be provided by the counselor.

### **PIKEVILLE JUNIOR HIGH SCHOOL PROMOTION POLICIES**

**The criteria for promotion are set forth for the purpose of:**

Maintaining acceptable standards of academic achievement.

Determining, in the best interest of pupils, the grade level at which they can best learn in their next year of school.

**The teacher will consider the following for guides for promotion:**

Any pupil with three (3) "F"s recorded at the end of the school year in three basic subjects or in two basic subjects and in one semester subject may be retained. A parent conference will be held.

Any student who is now spending his/her second year in the grade currently registered will be considered for promotion if he/she has displayed effort, attended regularly (92 % of 175 days) and has records to show some achievement and progress.

Any student whose age is one or more years in excess of the average age of his/her group and has shown evidence of effort and accomplishment should be considered for social promotion.

### **JUNIOR HIGH GRADUATION POLICY**

The eighth grade valedictorian and salutatorian will be determined on the basis of grades received in both the seventh and eighth grades. All grades (first and second nine weeks, semester exams) will be tabulated by using numerical averages. Junior High grades will count as one whole grade. Grades cannot be changed after report cards have been distributed except when a student has received an "I" (Grade Incomplete) or a teacher has made an error in calculating a student's grade for a class.

*\*\*\*Beginning with the high school graduating class of 2018-2019 top ten academic honors will not be recognized during junior high graduation.*

### **PIKEVILLE JUNIOR HIGH RETENTION POLICY**

The purpose of retention is to provide a student with the opportunity to gain academic skills in areas where the child may be deficient. Retention is a serious alternative that will only be considered after all other alternative methods have been exhausted. Alternative methods include an academic probation program which is designed to:

1. Improve student/teacher relationships.
2. Promote academic success and self-esteem.
3. Provide counseling for students.

The following is a list of responsibilities and procedures to be used in dealing with students who have an average of D or F:

### **JUNIOR HIGH LAB INTERVENTION CRITERIA POLICY**

Reading and Math intervention "lab" classes will be provided, as staffing allows, for "at--risk" junior high students who meet the following criteria:

- Students not identified as special education and scoring below the 25th percentile in reading and math on a nationally norm--referenced assessment will be lab class candidates.

- Students not identified as special education scoring the 15th percentile or below will be required to take the lab class as their elective.
- Students who fail Pre-Algebra, Math 7, or English 7 for the year will be placed in lab for at least the first quarter of the following year.
- The criteria above should be supported by teacher recommendation.

The maximum number of students in each lab class will be 20. The class will be sub--divided into reading and math groups, with a teacher designated for each group and each group not to exceed 10 students per one teacher. Students will be placed based on need, availability, and teacher recommendation for an initial period of time. Special education students will be grouped for an intervention class, not to exceed 10 students, and instructed by a special education teacher with support staff assistance. Intervention programs purchased will be available to all intervention classes. All lab students' progress will be monitored at least every two weeks. Students will participate in charting/tracking their progress. Progress monitoring charts/reports will be shared with parents. Administrators and the Intervention Teacher will meet each 9 weeks to review progress monitoring charts. For students showing insufficient progress or the possibility of readiness to exit, a Child Support Team (principal; instructional supervisor; intervention teacher; regular class teacher; and parent, if they choose to attend) will convene to determine intervention and/or placement changes. On the progress monitoring chart, data points that meet or exceed the student's "goal line" will indicate sufficient progress. Four to six data points below the goal line or a widening gap between the goal and trend lines will indicate insufficient progress. Data points consistently exceeding the student's goal line indicate possible readiness to exit the lab class. Regular class progress reports and teacher recommendations (both regular and lab teachers) will be assessed before making a final decision. Qualifying students may be exited at the end of a quarter. Other at-risk students may be placed into the lab class as slots become available through student exits.

### **Responsibilities of the Teacher:**

1. At the end of four and one-half weeks of each quarter, the teacher shall send home midterm grades to the parents or guardians of all students in his/her class.
2. The teacher will schedule a conference with the student to discuss the process of remediation.

3. The teacher will submit these names to the ESS Coordinator.
4. The teacher will monitor the student's progress in remediation.

### **Responsibilities of the Student:**

1. The student will participate in the after-school Extended School Service Program (ESS).
2. The student will meet with the guidance counselor at appointed times.
3. If, at the closing of school, the student is making a grade of D or F, the student will attend the ESS Summer Program. A student NOT taking advantage of the ESS Tutoring Program shall not be allowed to attend the ESS Summer School Program for the purpose of promotion.

### **Responsibilities of the Guidance Counselor:**

1. After receiving names from the teachers, the guidance counselor may contact the parents of the student by phone or letter.
2. During the first week of the third quarter, the counselor shall notify parents by registered letter of possible failure for the school year.

Any student who, at the end of the school year, has a yearly overall average less than sixty-three percent (63%) or has NOT passed three (3) of the five (5) core subjects can be retained. Final decision on retention will be made by a committee of the student's teachers. Individual growth shall be considered in the retention decision and documented by the teacher.

Teachers may at their discretion provide a comprehensive exit exam and base their decision on that score. By June 15<sup>th</sup>, parents must notify the school of the student's intention to take the exit exam. The examination must be taken by August 1<sup>st</sup>. Students of parents who wish to appeal the decision must do so by June 30<sup>th</sup>, following the closing of school.

### **HIGH SCHOOL CREDIT EARNED IN MIDDLE SCHOOL POLICY**

Students will earn credits during their high school years. However, middle level students may take classes for high school credit if the following criteria are met:

- The content and the rigor of the course is the same as established in the *Kentucky Core Academic Standards*
- The students demonstrate mastery of the middle level content as specified in the *Kentucky Core Academic Standards*
- The student has a recommendation from school staff designated by the principal to take the course
- The middle level course is taught by teachers with either secondary or middle level certification with appropriate content specialization

Per Junior High Acceleration Policy (A.8.16.10): Credit earned will appear on high school transcript and count towards graduation, but not calculate into the cumulative high school GPA

### **CREDIT RECOVERY POLICY**

Students in grades 9-12 who have failed a course may recover the credit under the following guidelines:

- Numeric grade in the course was at least 50%.
- The student is recommended by the teacher of the course.
- The student must complete the credit recovery within the next available scheduled time (next semester or summer school).
- Only one course can be completed at a time.
- The student must achieve at least 70% on the assigned course work in order to recover the credit.
- The student's grade will only be brought up to the passing mark (63%).
- The student must complete all assessments at school with school personnel monitoring during the assessment.
- Students will have multiple opportunities to complete the assigned activities, but only one opportunity to complete the assigned assessments.

The administration of Pikeville High School reserves the right to admit a student into the program that does not meet the above criteria due to extenuating circumstances.

Anyone drinking, smoking, or using drugs will be subject to discipline according to the policies of the school. Visitors must be approved 2 weeks prior to the prom.

Most dances are sponsored by student clubs. Teachers are there to assist. It is the responsibility of the sponsor to see that these policies are enforced. Three teachers and three parents are required to supervise dances. Students wishing to bring a guest must have prior approval from the principal. Any outside person must be a guest of a student of Pikeville High School and is subject to all dance rules.

All teachers are encouraged to attend high school homecoming and prom.

### **HOMECOMING (Guests must be 20 years old or younger)**

Each year one home football game is designated as the homecoming game. It is at this time that all former students of Pikeville High School are invited to return to their alma mater. The homecoming queen is crowned and a dance is held in honor of all returning graduates. The Pep Club and Athletic Department are in charge of all festivities.

### **SCHOOL FURNITURE**

School furniture is not to be taken out of the building without permission from the principal.

### **ATHLETIC SHOES**

Any type of athletic cleat is not to be worn in the school building. Only athletic shoes approved by the PE instructors or coaches may be worn on the gym floor.

### **VEHICLES DELIVERING OR PICKING UP STUDENTS**

Cars arriving at school to deliver or pick up students should drive through designated lanes and pull into a parking space so as not to block other cars entering or departing the parking lot. Under no circumstances are cars to use the bus lanes. It is strongly recommended that parents use the upper areas of the parking lot to pick up students, thereby alleviating traffic congestion in the lower areas.

### **SCHOOL EMBLEM AND COLORS**

The Panther is the mascot for all Pikeville High School activities. The official school colors are maroon and white.

### **FIRE, TORNADO, AND EARTHQUAKE DRILLS**

All drills will be according to the route posted in each classroom. Each teacher will appoint a student to make sure the windows and doors are closed.

### **LUNCHROOM POLICIES**

All students will be given an identification card with a number on it. This number or ID card is to be used every time a meal is purchased. Please show the card to the cashier so she can see the ID number or verbally give the number to the cashier.

All purchases are to be placed on the counter in front of the cashier. This will enable the cashier to total the cost of the purchase and to check the tray items. To be counted as a meal, every tray must have three of the following items: milk, bread, protein, fruit or vegetable.

Breakfast is served each morning from 7:30 until 8:00 a.m. Students are offered 3 choices for breakfast: a cooked breakfast, a cereal breakfast, or an a la carte breakfast. Students must take all items offered: milk, bread or cereal, and fruit or juice. A breakfast bar is offered each day. Students may purchase a la carte items as desired. Students always enter from the end of the serving line and exit from the other end past the cashier.

#### **Offer vs. Serve:**

Offer vs. Serve means that a student may choose at least 3 of the 5 food items offered with each meal. At least two different menus are offered to choose from daily. A salad bar is considered a lunch choice and is served with milk and 3 packages of saltines. The salad bar is for salad bar customers only. If a student desires to purchase an item from the salad bar it will be sold as an a la carte item. Students may choose to exchange the prepared dessert for a piece of fruit at no extra charge. A fruit bowl is offered daily. Items such as potato chips,

nachos, ice cream, pudding, gelatin, cake, and cookies do not count as required food items. They are served to enhance the appeal of the menu.

### **A La Carte**

A la carte simply means extra food items and these are always priced higher when bought separately from the tray. Students making a la carte purchases will need to go through the line along with the other students. The only time students may cut line is if the line is stopped and waiting for a refill of a food item.

### **Drinks**

A choice of milk or juice is included in the price of every meal. A student may choose to purchase a milkshake or a fruit drink.

### **Lunchroom Conduct**

All students must enter the end doors to the serving line to make all purchases and exit through the center doors on the same side as they entered to pay the cashier. Students are encouraged to take only one or two napkins and salt and pepper as needed. Pick up all food items and eating utensils while in the serving line.

### **Charging**

Charging is discouraged. However, if you must charge, please advise the cashier before the cash register is keyed. Charges are due the next day. Failure to pay promptly may result in the loss of charging privileges; however, all charges must be paid. If a student is unable to pay, please make arrangements with the cashier. Charges are to be made for meals only a student may (in some cases) charge a la carte along with the regular tray. A la carte items only will not be charged.

### **Table Etiquette**

Please do not put chewing gum on trays. Be sure to remove all change and especially retainers from trays before leaving the table. Please clear all paper and waste items from your table before leaving.

### **Custodians**

The **custodians** will be glad to help clean up spills. If an accident occurs, please go and ask them to help clean it up. Remember you are not at home so be sure to take your tray and papers to the disposal area and dispose of properly.

Students are reminded that the Pikeville City School System has a closed lunch program. This means that a student may bring lunch to school or eat in the cafeteria.

## **LIBRARY**

Pikeville High School is justifiably proud of our Library/Media Center, located on the second floor of the junior high school addition.

The library has a collection of approximately 17,000 books, videos, DVD's, etc. We are constantly updating and ordering new and supplementary materials for students to utilize in their research. We order many new titles every year in fiction and non-fiction.

The PHS Library/Media Center does not charge fines for overdue books; however, if a book is lost, the student is expected to pay for the book before he/she may receive their grades or graduate or renew library privileges. A book may be checked out for a two-week period. Reference materials may only be checked out overnight.

The audiovisual section is for teacher's use or for a student with a teacher's permission.

The library/media center has an online catalog where the students may search for information contained within the PHS Library/Media Center. Students searching for periodical information may research the Kentucky Virtual Library at [www.kyvl.org](http://www.kyvl.org). This database can be accessed at home or school. Home access requires an I.D. and password. Students may contact the media specialist at PHS for this information. This database contains full-text magazine articles for over one thousand magazines. There are ten student computers available for use in the library. The library receives 50 magazine subscriptions as well as two newspapers.

2. Do not run toward or run cross the street in front of a school bus while it is in motion.
3. Never stand in the road while waiting for the bus. Wait in an orderly line off the highway or street. Wait until the bus stops and then walk to the door and board the bus in an orderly manner. Do not push and shove.
4. Pupils shall board the bus and immediately take a seat without disturbing the other passengers. Do not exchange seats unless given permission by the driver.
5. Pupils shall not try to get on, off, or move about within the bus while it is in motion.

7. Avoid making excessive noise.

#### **Riding the Bus**

1. The driver is in charge of the bus and passengers.
2. Pupils shall ride their assigned bus and no other bus. A student needing to ride a bus different from their regularly assigned bus or get off the bus at a location different from their regularly assigned stop must present a signed note, from the school office approved by either the principal/assistant principal, to the bus driver.
3. No person other than those assigned to the bus shall be allowed to ride the school bus. If a student who is not regularly transported by the school bus needs to ride the bus they must present a signed note, from the school

office approved by either the principal/assistant principal, to the bus driver.

4. Report promptly to the driver any damage done to the bus. Persons causing damage can be expected to pay the full cost of repairs before riding privileges are restored.
5. Pupils shall not engage in any activity which might divert the driver's attention away from driving the bus and cause an accident, such as but not limited to:

  - Tracking mud or dirt on the bus;
  - Littering the bus; or
  - Opening or closing windows without permission.
6. Violations of the rules and regulations for riding a school bus shall result in the following actions.
  - a. First offense - Bus driver will have a talk with the pupil.

parent/guardian. Pupil will not be allowed back on the bus until notification form is returned to the driver.

- d. Fourth offense - A second misconduct report is filed and the principal/assistant principal suspends the riding privileges for a minimum of five (5) days,
- e. Fifth offense - A third misconduct report is filed and the principal/assistant principal suspends bus riding privileges for the remainder of the school year.

7. Some offenses are of such a serious nature that they can be deemed to warrant suspension of bus riding privileges without following the procedures outlined above.

These offenses include, but are not limited to:

- Disruptive behavior,
- Use of tobacco in any form;
- Use or possession of alcohol, drugs, or narcotics;
- Failure to remain in seat when bus in route;

- Fighting or scuffling; and/or
- Bringing guns or knives on the bus.

### On the Trip Home

Passengers are permitted to leave the bus only at the regular, designated stop. Any change must be made with the parent's request in writing and approved by the signature of the principal/assistant principal.

If a pupil lives on the opposite side of the road from the bus stop, the pupil should go to the front of the bus and wait until the bus driver gives the signal to cross the road. Never cross the road in the rear of a stopped school bus.

### PARENT/GUARDIAN RESPONSIBILITIES

Any complaints of drivers, pupils or parent/guardians shall be reported promptly to the principal/assistant principal or the transportation director. Parents/guardians should:

1. Report any misconduct on school buses to the principal/assistant principal
2. Report all traffic hazards and the bus number of all buses being operated carelessly to the transportation director;
3. Encourage students to observe all safety and conduct regulations established for the safe and efficient operation of the school buses;
4. Help observe extreme caution when approaching bus stops, moving or stopped buses;
5. Help supervise large numbers of children at bus stops; and
6. See that their children are at the stops five (5) minutes before the bus is scheduled to arrive.

All traffic should stop in all directions when a school bus activates its lights and stop arm, except on a multi-lane divided highway.

In the interest of pupil safety, the Pikeville Independent Board of Education approved board order #219. June 12, 1989, which states "no student is permitted to cross Hambley Blvd, at any time while loading or unloading school buses." We make every effort to have as few students as possible cross any street or road to load or unload a school bus.

**We would like to warn everyone, one more time. Please be extremely careful of drawstrings, toggles, backpacks, or loose fitting clothing being caught in the handrails or doors of school buses. The two most deadly things concerning students and transportation are handrails and loading and unloading.**

## **Telecommunication Devices**

### **POSSESSION AND USE**

While on school property or while attending school-sponsored or school-related activities whether on or off school property, students shall be permitted to possess and use personal communication devices as defined by law, provided they observe the following conditions:

1. Devices shall not be used in a manner that disrupts the educational process. Unless an emergency situation exists that involves imminent physical danger or a certified employee authorizes the student to do otherwise, devices shall be turned off and operated only before and after the regular school day and/or during the student's lunch period.
2. When students violate this prohibition, they shall be subject to disciplinary action including losing the privilege of bringing the device onto school property. In addition, an administrator may confiscate the device, which shall be returned to the student's parent/guardian only.
3. Students are responsible for keeping up with devices they bring to school. The District shall not be responsible for loss, theft, or destruction of devices brought onto school property.
4. Students shall comply with any additional rules developed by the school concerning appropriate use of telecommunication devices and as referenced in Board Policy #09.4261.

### **SECURITY CAMERAS**

Pikeville Elementary and Pikeville High School use security camera systems to promote a safe, orderly learning environment.

### **ACCEPTABLE USE OF TECHNOLOGY ACCESS TO ELECTRONIC MEDIA**

The Board supports the right of students, staff, and community members to have reasonable access to various information formats and believes it is incumbent upon students, staff, and community members to utilize this privilege in an appropriate and responsible manner as required by this policy and related procedures, which shall apply to all parties who use District technology.

Certified employees are required to follow Board policy and administrative procedures and guidelines designed to provide guidance for access to electronic media. In addition, all staff members are required to sign a written agreement prior to

being granted independent access to electronic media involving District technological resources. Individuals who refuse to sign required acceptable use documents or who violate District rules governing the use of District technology shall be subject to loss or restriction of the privilege of using equipment, software, information access systems or other computing and telecommunications technologies.

Because access to the Internet may expose users to items that are illegal, defamatory, inaccurate, or potentially offensive, we require all students under the age of eighteen (18) to submit a completed Parent Permission/User Agreement Form to the Principal/designee prior to access/use of District telecommunications and electronic information resources. All other users will be required to complete and submit a User Agreement Form prior to access/use.

### **Rules and Regulations**

Access is a privilege—not a right. Users are responsible for appropriate behavior on school computer networks. Independent access to network service is given to individuals who agree to use resources in a responsible manner. Users are required to comply with District standards and to honor the access/usage agreements they have signed. Beyond clarification of user standards, the District is not responsible for restricting, monitoring, or controlling the communications of individuals utilizing the network independently.

### **Supervision of Student Computer Use:**

Teachers shall supervise all student computer use to ensure it is used for educational purposes and non-approved software, programs, and resources are not utilized.

Students shall be provided instruction about appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms and cyber bullying awareness and response.

Internet safety measures, which shall apply to all District-owned devices with Internet access or personal devices that are permitted to access the District's network, shall be implemented that effectively address the following:

- Controlling access by minors to inappropriate matter on the Internet and World Wide Web;
- Safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
- Preventing unauthorized access, including "hacking" and other unlawful activities by minors online;

- Unauthorized disclosure, use and dissemination of personal information regarding minors; and
- Restricting minors' access to materials harmful to them.

### **Employee Use**

Employees are encouraged to use electronic mail and other District technology resources to promote student learning and communication with the home and education-related entities. If those resources are used, they shall be used for purposes directly related to work-related activities.

Technology-based materials, activities and communication tools shall be appropriate for and within the range of the knowledge, understanding, age and maturity of students with whom they are used.

District employees and activity sponsors may set up blogs and other social networking accounts using District resources and following District guidelines to promote communications with students, parents, and the community concerning school-related activities and for the purpose of supplementing classroom instruction.

Networking, communication and other options offering instructional benefits may be used for the purpose of supplementing classroom instruction and to promote communications with students and parents concerning school-related activities.

In order for District employees and activity sponsors to utilize a social networking site for instructional, administrative or other work-related communication purposes, they shall comply with the following:

1. They shall request prior permission from the Superintendent/designee.
2. If permission is granted, staff members will set up the site following any District guidelines developed by the Superintendent's designee.
3. Guidelines may specify whether access to the site must be given to school/District technology staff.
4. If written parental consent is not otherwise granted through AUP forms provided by the District, staff shall notify parents of the site and obtain written permission for students to become "friends" prior to the students being granted access. This permission shall be kept on file at the school as determined by the Principal.
5. Once the site has been created, the sponsoring staff member is responsible for the following:

- a. Monitoring and managing the site to promote safe and acceptable use; and
- b. Observing confidentiality restrictions concerning release of student information under state and federal law.

Staff members are discouraged from creating personal social networking sites to which they invite students to be friends. Employees taking such action do so at their own risk.

All employees shall be subject to disciplinary action if their conduct relating to use of technology or online resources violates this policy or other applicable policy, statutory or regulatory provisions governing employee conduct. The Professional Code of Ethics for Kentucky School Certified Personnel requires certified staff to protect the health, safety, and emotional well-being of students and confidentiality of student information. Conduct in violation of this Code, including, but not limited to, such conduct relating to the use of technology or online resources, must be reported to Education Professional Standards Board (EPSB) as required by law and may form the basis for disciplinary action up to and including termination.

**The Network:**

The Pikeville Independent School District provides students and staff with a service called the Network. The Network is a computer service, which includes the use of computers, servers, software, Internet and e-mail. These procedures also address the use of stand-alone computers, peripherals, telephone usage and other instructional technology equipment.

In addition to providing students and staff with the understanding and skills needed to use technology resources and telephone services in an appropriate manner, the Pikeville Independent School District:

- Reserves the right to monitor all activity on the Network, Internet and e-mail.
- Reserves the right to monitor computer use or lack of use.
- Reserves the right to deny access to the Network, Internet and e-mail to any individual.
- Shall establish procedures that will maximize the Network system security.
- Shall supervise student and staff use of the Network, Internet, e-mail, and telephones.

The standards for student and staff access to the Pikeville Independent School District Network are as follows:

- Network access throughout the District is to be used for instruction, professional development, educational research, and school administration. District access is not to be used for private business.
- Instructional staff will select and guide students on the appropriate use of Internet and instructional software on the Network.
- The district will be responsible for supervising network use. Auditing procedures are in place to monitor access to the network. School and district proxy servers will be continually monitored and updated in accordance with the federal legislation, Children's Internet Protection Act (CIPA: 47 U.S.C. 254), KY Senate Bill 230, and KY KAR 5:120. However, the District cannot continually monitor every communication and network session for every student and staff member beyond the scope of supervision defined in the user agreement.
- A technology protection measure may be disabled by the Board's designee during use by an adult to enable access for bona fide research or other lawful purpose.
- Internet access and supervision from outside the District premises is the responsibility of the parents and guardians of students.
- Student users shall not reveal their full name and personal information (address, phone number, financial information, social security number, etc.) or establish relationships with "strangers" on the network, unless instructional staff has coordinated the communication.

#### **Telephone Usage:**

- Telephone service is available primarily to provide two-way communications with school offices and for contact with parents.
- Staff will refrain from using telephones during instructional time.
- Students may use the telephones under staff supervision when there is a legitimate need such as calling parents to arrange transportation, delivery of medicine or clothes, or similar rare circumstances.
- Instruction time will not be interrupted to transfer calls except in emergencies.

All guidelines governing inappropriate language apply to telephone usage and procedures governing telephone usage also apply to District cellular phones and other wireless telecommunication systems.

## **Computer Use Guidelines:**

When a student, teacher, or staff member at a Pikeville school accesses computers, computer systems, and computer networks owned or operated by the Pikeville Independent Schools, he or she assumes certain responsibilities and obligations. All access of this type is subject to school policies and to local, state, and federal laws. The school administration expects that student, faculty, and staff use of computers provided by the school will be ethical and will reflect academic honesty. Students, faculty and staff must demonstrate respect for intellectual property, ownership of data, system security mechanisms, and rights to privacy.

- Using mail service to harass others;
- Wasting computing resources, such as paper, by printing excessive copies;
- Playing games across the network, including MUD (multi-user games);
- Violating the regulations of the Pikeville Independent Schools regarding appropriate use of the Internet.

The Pikeville Independent Schools considers any violation of appropriate use principles or guidelines to be a serious offense and reserves the right to copy and examine any files or information that may suggest that a person is using school computer systems inappropriately. Violators are subject to disciplinary action by school officials that may include loss of computer privileges and in or out of school suspension. Offenders may also be prosecuted under laws including, but not limited to, the Privacy Protection Act of 1974, the Computer Fraud and Abuse Act of 1986, the Computer Virus Eradication Act of 1989, and the Electronic Communications Privacy Act.

#### **Internet/Email Access:**

The Pikeville Independent School District provides access to the Internet for all students, faculty, and staff that is obtained through Kentucky's Public Education Network. Students must have permission from at least one of their parents or guardians to access the Internet at school.

The Pikeville Independent School District also provides e-mail access to all faculty, staff, and students in grades 4-12. Students under the age of 18 must have parental permission to obtain an email account.

The use of an Internet account is a privilege, not a right, and inappropriate use will result in disciplinary action by school officials and/or cancellation of those privileges. A person's activities while using the Internet in any school must be in support of education and research and consistent with the educational objectives of the Pikeville Independent Schools. In addition, anyone accessing the Internet from a school site is responsible for all on-line activities that take place through the use of his or her account.

The following is a non-exhaustive list of activities that constitute unacceptable use of the Internet/Email:

- Using impolite, abusive, or otherwise objectionable language in either public or private messages;

- Placing unlawful information on the Internet;

- Using the Internet at school for non-school related activities;
- Sending messages that are likely to result in the loss of the recipient's work or systems;
- Sending chain letters or pyramid schemes to lists or individuals, and any other types of use that would cause congestion of the Internet or otherwise interfere with the work of others;
- Downloading music from Napster or similar sites, using the Internet to listen to radio stations, or downloading videos or viewing videos online;
- Using non-KETS approved email or chat programs (Hotmail, ICQ, etc.)
- Using the Internet for commercial purposes;
- Using the Internet for political lobbying;
- Changing any computer file that does not belong to the user;
- Sending or receiving copyrighted materials without permission;
- Knowingly giving one's password to others;
- Using Internet access for sending or retrieving pornographic material, inappropriate text files, or files dangerous to the integrity of the network;
- Circumventing security measures on school or remote computers or networks;
- Attempting to gain access to another's resources, programs, or data;
- Vandalizing, which is any malicious attempt to harm destroy data or another user on the Internet, including the uploading or creation of computer viruses;
- Falsifying one's identity while using the Internet.

**Disciplinary Action for Inappropriate Use:**

- Student discipline for violation of any part of these procedures shall be based on the severity of the infraction.

- Student disciplinary action includes, but it is not limited to the loss of any or all computer privileges, termination of the user's account, removal from the class with a failing grade and/or suspension or expulsion. Privileges will be reinstated at the discretion of the District's administrators.
- Discipline of staff may involve actions up to and including termination of employment.
- Parents, guardians and/or perpetrators may be billed for damages to technology resources.
- Illegal/criminal activities will be referred to the appropriate law enforcement agency.

### **Responsibility for Damages:**

Students or staff members who deface a District website or otherwise make unauthorized changes to a website shall be subject to disciplinary action, up to and including expulsion and termination, as appropriate.

### **ACCEPTABLE USE AGREEMENT FORM**

All students and staff are required to sign the Acceptable Use Agreement Form at the end of the District Code Book. By signing this form, you hereby accept and agree that your child's rights to use the electronic resource provided by the District and/or the Kentucky department of Education (KDE) are subject to the terms and conditions set forth in the District policy/procedure 08.2323/08.2323 AP.1 & 08.2323 AP. 21. Please also be advised that the data stored in relation to such services is managed by the district pursuant to policy 08.2323 and accompanying procedures. You also understand that the e-mail address provided to your child can be used to access other electronic services or technologies that may or may not be sponsored by the District, which provide features such as online storage, online communications and collaborations, and instant messaging. Uses of those services are subject to either standard consumer terms of use or a standard consent model. Before your children can use online services, he/she must accept the service agreement and, in certain cases, obtain your consent.

The Outlook Live e-mail solution is provided to your child by the district as part of the service from Microsoft. By signing this form, you hereby accept and agree that your child's rights to use the Outlook Live e-mail service, and other services as the Kentucky Department of Education may provide over time, are subject to the terms and conditions set forth in district policy/procedure as provided and that the data stored in such

### **INFORMATION ABOUT TEACHER QUALIFICATION**

Parents may request and receive information regarding the professional qualifications of the student's classroom teachers, including; (a) whether the teacher is state certified; (b) whether a teacher is teaching under emergency or other provisional status; and (c) the baccalaureate degree major of the teacher and any other graduate degree or major certification. This information may be obtained by contacting the Pikeville Independent Board Office at (606) 432-8161.

### **NOTIFICATION OF FERPA RIGHTS**

The Family Educational Rights and Privacy Act (FERPA) affords parents and "eligible students" (students over 18 years of age or students who are attending a postsecondary institution) certain rights with respect to the student's education records. They are:

- 1) ***The right to inspect and review the student's education records within forty-five (45) days of the day the District receives a request for access.***

Parents or eligible students should submit to the school Principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.

- 2) ***The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student's privacy or other rights.***

Parents or eligible students may ask the District to amend a record that they believe is inaccurate,

misleading, or in violation of privacy or other rights. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise him\her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3) ***The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.***

Exceptions that permit disclosure without consent include:

- a. Disclosure to school officials with legitimate educational interests. A "school official" is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility to the District.

- b. Upon request, disclosure of education records without parent/eligible student notice or consent to officials of another school district or post-secondary institution in which a student seeks or intends to enroll or is already enrolled or to other entities authorized by law so long as the disclosure is for purposes related to the student's enrollment or transfer.
- c. Disclosure of information to those whose knowledge of such information is necessary to respond to an actual, impending, or imminent articulable and significant health/safety threat.

### **STUDENT DIRECTORY INFORMATION NOTIFICATION**

Per P.L. 107-110 (No Child Left Behind Act of 2001) a district may designate within FERPA guidelines what it considers "Directory Information." Most districts already have directory information via means of yearbooks or photos of athletes or athletic events—that is, students are identified by photo, name, and grade level. From time to time, the school, classroom, or individual students are recognized by school personnel, local or state government, and/or the media for noteworthy performance, achievement, and/or participation in co-curricular or extracurricular activities. This may require the release of

some types of "directory information." As mentioned above, school publications such as the yearbooks, sports programs, graduation programs, and honor roll are considered to contain directory information. Following is a list of items that the Pikeville Independent District considers student directory information:

- Student's name/gender
- Address
- Photograph/video
- Date and place of birth
- Dates of attendance
- Student's major field of study
- Academic honors/degrees
- Honor roll
- Information about the student's participation in officially recognized activities and sports
- Student's weight and height (if member on an athletic team)
- Most recent educational institution attended
- NCLB Section 9528; allows military recruiters access to secondary school student names, addresses, and telephone listings

Per P.L. 107-110 (No Child Left Behind Act of 2001) if the District provides access to its campus or its student directory information concerning occupational or educational options, the Board shall provide access on the same basis to official recruiting representatives of the U.S. Armed Forces and its service academies, the Kentucky Air National Guard and the Kentucky Army National Guard.

Consistent with the Family Educational Rights and Privacy Act (FERPA), parents (or eligible students) may direct the District not to disclose directory information listed above. We are required to disclose a student's name, address, and telephone listing at the request of Armed Forces recruiters, unless a parent or high school student, regardless of age, requests that this information not be disclosed.

**If you wish the Pikeville Independent School District to withhold student directory information please contact the main office in writing within thirty (30) days from the receipt of this notification. Remember that by withholding the student's name, grade level, or photograph, your child's information will not be documented in the above-mentioned publications, including school yearbook, program events, or other such publications.**

## **Notification of PPRA Rights**

The Protection of Pupil Rights Amendment (PPRA) affords parents and eligible students (those who are 18 or older or who are emancipated minors) certain rights regarding conduct of surveys, collection and use of information for marketing purposes, and certain physical examinations. These include the right to:

  5. Critical appraisals of others with whom respondents have close family relationships;
  6. Legally recognized privileged relationships such as with lawyers, physicians, or ministers;

  3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others. **NOTE:** If the parent/eligible student has indicated no

directory information is to be provided to third parties or if the marketing activity involves provision of social security numbers, consent form 09.14 AP.122 should be used.

◆ **Inspect, upon request and before administration or use:**

1. Protected information surveys to be used with students;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and

The District shall annually provide parents and eligible students notice of these rights under law in the Student Handbook, the District *Code of Acceptable Behavior and Discipline*, or other avenue designated by the Superintendent/designee.

The District shall also notify parents and eligible students at least annually at the start of each school year of the specific or approximate dates of the activities listed above. A new or supplemental notice shall be given as necessary to provide the opportunity to consent or opt out under the standards set forth above.
