Panther Families:

We are very excited for the start of another great school year in Pikeville Independent Schools. While we know this year will look very different than previous years, we are also confident that we have a great team and great students who will make this year awesome! Building upon the excellence that has always been present in this district is a consistent priority of this team, and will continue to be the case, especially in these difficult times. I am honored to begin this new role with Pikeville Independent, and look forward to seeing the great success that happens within our walls and throughout our district each and every day.

The safety of our students is always a top priority for Pikeville Independent. One of the ways we assure this safety is through our Code of Conduct, which is revisited yearly. We work hard as a district to put in place expectations that are both necessary and obtainable for our students. It is the goal of every member of our team to assure that we are consistent in following these expectations, and that we use each situation as a learning opportunity for all students involved. You will find a copy of the 2020-2021 Code of Conduct on our district website. We thank you for taking the time to review this information to assure that we all have a collective understanding of these expectations and the related consequences.

We are thankful for the opportunity to invest in the kids of Pikeville and the surrounding area by providing them an education that is second to none. If at any time you have questions, please do not hesitate to contact your child's school or my office. We are thankful to live in a community that values education and the success of everyone, and we appreciate the teamwork that goes into the success of every single child in this community. We are confident that the 2020-2021 school year will be an awesome year for our students, our team members and our community!

Sincerely

S. David Trimble  
Superintendent

## PES STUDENT/PARENT HANDBOOK

### ATTENDANCE

Regular school attendance is one of the most powerful ways you can prepare your child for success—both in school and in life. When school attendance is a priority, students get better grades, develop healthy life habits, avoid dangerous behavior, and have a better chance of graduating from high school. Students who attend regularly develop important social skills and friendships setting them up for a strong future. Being absent for an average of just two days of school per month—even when the absences are excused—can have a negative impact even as early as Kindergarten.

All students returning from an absence must bring a note to their homeroom teacher indicating the reason for absence. If a student is absent due to a communicable disease, he/she is required to bring a doctor's note before being readmitted to class.

State regulations allow 5 valid reasons for excused absences for which work may be made up. They include the following:

1. Illness of the student
2. Death or severe illness in the immediate family
3. Religious holiday (to be approved by the principal or designee prior to absence)
4. Medical or dental appointments which cannot be scheduled before or beyond the regular school day
5. Special cases excused by the principal or designee

The Kentucky Department of Education defines **TARDY** as “missed instruction time.” Tardies will be accumulated by a student being late to school, signing in and out during the school day, or leaving school before the regular school dismissal. Any student receiving more than 6 unexcused tardies may be subject to a 30 minute after-school detention in the principal’s office. If a student reaches 15 unexcused tardies, the student will receive a one hour after-school detention and the Director of Pupil Personnel Services will be notified.

School will begin promptly at 8:00am each day. Students arriving after this time will be considered tardy.

Students arriving to school between 8:01 and 10:20 AM would be counted as tardy. Students arriving after 10:20 AM and before 1:15 PM would be marked as absent for one half of the school day. Students checking out after 12:45 PM would be counted as tardy. Students or parents, who allow their children to be excessively absent or tardy without valid excuse, will be in violation of local board policy 09.123 and KRS 159.150 and may be subject to both academic and legal penalties.

### **PERFECT ATTENDANCE**

A student will be considered to have perfect attendance if he/she has not accumulated .5 (one half day) of an absence. Also, he/she must have four (4) or less tardies to be considered perfect attendance. Any student who has used EHO days will not be considered as having perfect attendance.

### **ARRIVAL/DISMISSAL PROCEDURES**

#### **Arrival:**

Students will be permitted to enter the building beginning at 7:20. Classes begin at 8:00.

All car riders must be dropped off in the circle area unless given special permission to use bus drop-off area. Tags will be issued to accommodate students with special circumstances.

Breakfast is served during each school day beginning at 7:20. Students must arrive in time to finish eating by 8:00. **Car Riders Only:** Please be aware that students eating breakfast after 8:00 may be subject to tardy procedures.

#### **Dismissal:**

School is dismissed at 2:55.

Car riders will be waiting in each grade’s supervised designated area. Parent/guardians must wait in pick-up line of circle parking lot until students are dismissed.

Car riders not picked up by 3:20 must be checked out by a parent/guardian in the office.

Bus riders not picked up at bus-stop will be brought back to PES. Every effort will be made to contact parent, guardian, and/or others listed on emergency contacts. If no communication has taken place by 4:00, Pikeville City Police will be called.

These procedures are put in place to assure each student is properly supervised at all times.

Please accompany your student into the school building if picking up forgotten items.

### **PARENT PICK-UP AND DROP-OFF**

Parents are to pick-up and drop-off students in the circle area only. Any other areas endanger your child as well as others. For this reason parents are not to park in the bus parking lot, use Bruce Elliot Drive, or park on Chloe Road. **No parents are allowed to be in the bus lane during arrival and dismissal. (Arrival 7:30am – 8:30am Dismissal 2:30pm – 3:30pm)**

### **TRANSPORTATION CHANGES**

All transportation changes **MUST** be made by 2:00. Any changes made after 2:00 must be approved by school administrator (i.e., Principal, Assistant Principal, or School Counselor).

Due to safety concerns, all transportation changes will only be accepted in writing via email or in person from parent/guardian. If you would like to email your request, please email:

**[pestransport@pikeville.kyschools.us](mailto:pestransport@pikeville.kyschools.us)**

Please do not assume your request was delivered until you receive a confirmation email back from office staff.

### **CHANGE OF ADDRESS**

Parents/Guardians must report any change of address or phone numbers to the school office immediately.

### **OFFICE HOURS**

Our school office hours are 7:30am until 4:00pm on all school days. Hours may vary during non-school days.

### **VISITORS**

In order to visit, everyone must report to the office to receive a badge that must be visible during the visit. This will ensure the instructional program is not interrupted unnecessarily and both students and staff are protected.

## **CUSTODY/PARENT RIGHTS**

Pikeville Elementary School abides by the provisions of the Family Educational Rights and Privacy Act, 1974 (FERPA). When parents of a student are separated, involved in divorce proceedings, or are divorced, the administration will respect the rights of both the custodial and non-custodial parents. For the school's purposes, the parent with whom the child legally resides is known as the custodial parent. A copy of the court orders must be provided to the school. Court orders concerning special restriction will be respected and followed by the school administration. In the absence of a court order to the contrary, Pikeville Elementary will provide the non-custodial parent with access to the academic records and to other school-related information regarding the student. If there is a court order specifying that there is to be no information given, it is the responsibility of the custodial parent to provide the school with an official copy of the court order.

Parent rights include access to student records and school mailings, attendance at parent/teacher conferences, as well as the authority to request that student be released early or to be absent from school for a legitimate reason. It is not the responsibility of school officials to notify other parent or keep up with visitation schedules. However, only the custodial parent has the right to withdraw the student from school.

## **BOOK BAGS**

**Pikeville Elementary students will use ONLY clear or mesh book bags.**

## **EXTRA-CURRICULAR**

Students may participate in extracurricular activities so long as the organizations guidelines are followed. Fees may be charged to offset expenses and participation in particular events. Scholarships might be available to cover fees and other costs. Please contact the Family Resource Center to see if your child qualifies.

## **LUNCHROOM/DINATORIUM**

PES welcomes parents and family members of our students to eat lunch with them, but unfortunately no other visitors are allowed. Lunchroom visitation is only for the lunchroom area and parents/family members may only provide lunch for their child.

## **OUTSIDE LUNCHESES-FRIDAY ONLY**

Lunches purchased from outside vendors can no longer be left in the office, nor can deliveries from outside vendors be signed for or accepted in the office. To deliver a lunch to their child, parents/family members

need to check in at the office and go to the dinatorium to wait for their child. Lunches must be handed directly from parent/family member to child.

## **FOOD**

Although Pikeville Elementary appreciates our parent's support of their children's activity, it has become necessary to change our food policy. Any food brought for students other than your own child for parties, snacks, etc., must be commercially prepared and packaged. All products must be delivered unopened. For safety reasons students may not have glass bottles or glass containers on school grounds or at school activities.

Students are not allowed to chew gum during school hours at Pikeville Elementary. Chewing of gum will be allowed during the end of the year testing period.

## **PLAYGROUND**

Supervised play is delegated and assigned for each grade level by the administration. Safety and liability prevent us from welcoming visitors, parents and/or any other children at these times.

For the safety of our students gym shoes are required for physical education class and highly recommended for the playground.

## **GIFT POLICY**

Pikeville Elementary no longer accepts individual deliveries to students.

State law, disruptions to the school day, student health issues as well as other specific student issues prohibit Pikeville Elementary School from accepting individual deliveries to students.

## **HEALTH SERVICES**

The Pike County Health Department partners with the Pikeville Independent Board of Education to provide preventive health services to Pikeville Elementary School. The services provided are performed by highly trained medical professionals. The school nurse adheres to the guidelines set forth by the Kentucky Department Public Health's Core Clinical Service Guide ensuring that our students receive nursing care that is provided at the highest professional standard.

Parents **must** complete a consent form **each** year and return it to the school nurse before any services can be administered.

The school health program offers many services and programs for students that include, but are not limited to:

- Acute and chronic illness screenings
- Required acute and chronic treatments as prescribed by a child's medical provider

- Health screenings
- Chronic disease case management (asthma, diabetes, allergy/anaphylaxis, epilepsy, and others)
- Health education
- Dental services performed by Registered Dental Hygienist

Student medications guidelines are provided by the school nurse. Please contact her for procedures and form for school administration.

## **LOST & FOUND**

Students are expected to assume responsibility for their own belongings. A table is maintained in a prominent place in the office area. Students are expected to check there for lost or misplaced items. We strongly recommend that all personal belongings be labeled.

Lost eyeglasses or other valuables, such as electronics, dental appliances, etc., will be turned into the office.

## **DRESS CODE**

Students shall wear adequate, modest clothing of such style and design as shall be consistent with community standards or as determined by the principal, assistant principal and/or the dress code committee.

Students shall maintain clothing and person in a hygienic condition. (Hair and skin must be kept clean. Hair shall be combed and kept well groomed.)

Students shall wear shoes for foot protection and hygienic reasons while on school grounds or aboard school transportation. Tennis shoes with wheels or steel-toed shoes are not allowed to be worn on school property or at school functions.

Decorations, symbols, mottoes, or designs imprinted or attached to the body or clothing which are offensive to good taste or the maintenance of good decorum shall not be worn to school or to school functions.

Bare midriff outfits, short shorts and skirts, and see-through clothing are not appropriate wearing apparel for either boys or girls during regular school sessions. Boys wearing cut-off jerseys must wear a tee shirt underneath. All students must wear shirts in all classes.

Shorts, skirts, and dresses shall cover from the waist to below the tip of the fingers. All shirts shall be longer than the top of the shorts, skirt, or pants.

Holes or tears in jeans must be below fingertip level (same as shorts and skirts). No underwear shall be exposed at any time.

All hats, visors, scarves, do-rags, skullcaps, and bandannas may only be worn on Fridays.

The only visible body piercing allowed is to the ears.

Non-jewelry chains are not permitted. This includes but is not limited to pocket chains or belts.

All clothing must meet the approval of the teachers and/or administration.

## **VOLUNTEER POLICY**

In an effort to provide students with safe and secure conditions, the council adopts the following measures for (parent, guardian, or community member) who work with or supervise students.

1. All volunteers that work with students must attend a school volunteer training. Documentation of this training must be on file with the school.
2. Under KY State Law (KRS 17.160), all volunteers who work with or supervise students must undergo a criminal records background check. Any parent/guardian/community member who has a criminal record of abuses such as: drug, alcohol, weapons, or violence, or theft offenses will not be permitted to work with or supervise students. This includes, but not be limited to such offenses as possession or use of drugs or drug paraphernalia, drunken or disorderly conduct, driving under the influence, assault and/or battery, domestic violence, child abuse or sexual offenses, threatening conduct, etc.
3. Any classroom or activities volunteer who displays inappropriate conduct, fails to follow the directions of authorized school personnel or otherwise behaves in a manner that could endanger the safety or well-being of students will not have the opportunity to work with or supervise students in the future.

## **WHAT IS A VOLUNTEER?**

Volunteers are people who are contacted by the school to regularly assist with activities that directly place you in contact with students. Some of these activities include: book fair, health screens, clerical work, lunchroom assistance, reading programs, etc.

From time to time parents/guardians may be invited into the school for programs or activities. School visitors who are **NOT** working regularly or directly with children are not considered volunteers. Some of these activities/programs include: school dinners, parties, concerts, grade level parties, lunch with your child, etc.

**ALL** volunteers must attend confidentiality training yearly. You must attend training if you plan to volunteer during **ANY** school sponsored events including daytime activities at the school, extra-curricular activities, chaperoning school sponsored field trips, coaching, or PTO activities.

If you have already been fingerprinted through the volunteer program and have volunteered in the last year you **WILL NOT** need to be fingerprinted again. However, you **MUST** attend the confidentiality training to continue to volunteer.

**\*Parties** – Parents/guardians do **NOT** have to go through volunteer training to attend parties. Only trained volunteers will be eligible to assist with setup, cleanup, and/or activities during the party. Individual levels are responsible for setting up their own parties.

## **COVID-19 Guidance & Safety Expectations**

### **Expectations for Parents/Guardians**

*Health Assessment:* Parents agree to perform the following health assessment on a daily basis before allowing their child to attend school in-person, small group instruction, or to board the bus for transportation to school:

- Temperature greater than 100.4
- New, uncontrolled cough that causes difficulty breathing
- GI (vomiting/diarrhea/nausea)
- Sore throat
- New rash
- New onset of severe headache, especially with a fever
- Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19

*Support Student Learning:* Parents/Guardians are partners in supporting their child's learning. Therefore, you are encouraged to:

- Encourage your child daily.
- Ensure they log in to their learning platform and complete their assignments every day.
- Ensure your child's work is authentic and original.
- Contact your child's teacher about any concerns you may have.
- Supervise and monitor your child's progress on Infinite Campus.

### **Masking**

The Centers for Disease Control and Prevention (CDC) suggests that when used consistently and correctly, cloth face coverings are important to help slow the spread of COVID-19. Therefore, all faculty, staff, and any student enrolled at PES must adhere to wearing a mask, unless you have a medical waiver. This includes wearing the mask on all school grounds, including the bus.

Students who are enrolled in pre-school and kindergarten are only required to wear a cloth face covering while traveling throughout the building (unless medically waived).

Students shall maintain masks in a hygienic condition. Decorations, symbols, mottoes, or designs imprinted or attached to the mask which are offensive to good taste or the maintenance of good decorum shall not be worn to school or to school functions.

Disciplinary Action for Masking:

Behavior	1st Offense	2nd Offense	3rd Offense
Willful disobedience regarding masks	Warning & parent contact by teacher	Benchroom & parent contact by administrator (to explain enrollment into the virtual academy upon the next occurrence)	Benchroom & administrative parent conference (enrollment in virtual academy)

**Virtual Learning**

All students are responsible for proper behavior and will be expected to abide by the existing Pikeville Elementary Student Code of Conduct during virtual learning (Edgenuity). This will help to ensure a positive, productive and enjoyable learning experience for all faculty, staff, and students. The virtual class is an extension of the school, just as the bus and any other school related activity.

**Google Meets**

To ensure a positive and productive learning environment during google meets, it is important for students to do the following:

- Be respectful and courteous to other students and teachers during Google Meets.
- Follow the virtual classroom rules your teacher has shared.
- Students who are disruptive will receive appropriate consequences in accordance with our Student Code of Conduct. Consequences may result in temporary or permanent loss of technology access which would prevent the student from participating in virtual Google Meets.
- Students, parents/guardians shall not video record, audio record, photograph, live stream, post on social media, or transmit any part of a Google Meet.
- Teachers are authorized to record Google Meets for purposes of sharing with students not available during the initial meeting time.
- Students should follow the provisions identified in the Pikeville Elementary Handbook (Applicable policies include but may not be limited to):
  - Bullying, Harassment, and Intimidation
  - Cyberbullying
  - Bullying/Conflict
  - Dress code
  - Acceptable Use of Technology Access to Electronic Media (even if not on school computer networks)

## **Daily Participation and Non-Traditional Instruction (NTI)**

In order to document the engagement of students for the 2020-2021 school year, Kentucky school districts will record daily participation in Infinite Campus (IC) for all students in lieu of recording regular attendance.

Daily participation is the measure of the interactions between teachers and students. Interactions vary based on learning in person or participating remotely. It is a measure of a student's engagement in instruction and not a measure of the quality of work. The quality of work is reflected in the grading process.

### In-Person Participation

Students who are learning in person will be considered "participating" by their presence in the classroom. The existing requirements for recording attendance as found in 701 KAR 7:125E still remain in effect.

### NTI Participation

Participation through NTI may be in real time during the school day or at times outside of normal school hours. The measurement of daily participation shall include at least one of the following:

1. One-on-One video communication or phone calls between teacher and student (or teacher and parent with smaller children or students with special needs);
2. Group video communication or phone calls between the teacher and a whole class or between a teacher and smaller groups of students within a class;
3. Student time logged into a learning management software system completing assignments;
4. Submission of paper-based assignments for students in a non-digital, non-traditional setting.

## **Compulsory Attendance and Truancy**

Truancy is set out in KRS 159.150. A student subject to compulsory attendance is considered truant if "absent from school" without valid excuse for three or more days or tardy without valid excuse on three or more days. A student that has been reported truant two or more times is a habitual truant.

**DEVELOPMENT OF**  
**THE CODE OF ACCEPTABLE BEHAVIOR AND DISCIPLINE**

This Code was developed by a committee representing schools, the Central Office, the Board of Education, students, parents, and the community. The Attorney for the Board of Education has reviewed it, and the Board of Education adopted it July 2017.

Each year schools shall distribute copies of the Code to all students and employees of the district and to parents/guardians of the students, including those who enroll after the beginning of the school year. The Superintendent has directed that the Code be posted in each school, with the Principal being responsible for seeing that school counselors and other personnel discuss its contents with students in a timely and age-appropriate manner. In addition, each school will reference the Code in the school's handbook(s). On request, the Principal shall provide help for non-English speaking, blind, deaf, or non-reading students and parents so that they can have access to the information contained in the Code.

Each year, the Code Committee will review the Code in preparation for the upcoming school year. It welcomes suggestions as to how to improve this document. Individuals may send written comments to the Superintendent who will forward them to the Code Committee. Information should be submitted by April 1.

# CODE OF CONDUCT

## CODE OF CONDUCT PHILOSOPHY

Pikeville Elementary is committed to providing all students with an environment that fosters a love of learning, enhances student achievement, cultivates respect for the individual diversity, and prepares students for making sound personal choices.

Discipline is the creation of a learning environment, which fosters a sense of fairness and respect for people and property. Discipline encourages children to make positive choices based on an awareness of consequences and feelings—theirs as well as the feelings of others.

Discipline is the cooperative effort and responsibility of students, parents/guardians, teachers, and administration. If followed by all parties, this will create an environment for all students to learn to their fullest potential.

In order to provide an appropriate learning environment Pikeville Elementary School (PES) has adopted this discipline code. The object of this code is to provide for a safe environment, to protect individual rights and to teach students to be responsible citizens. This code seeks to be consistent with the tradition of high standards which has been characteristic of the Pikeville Independent Schools.

We continue this focus by providing a responsive culture and climate for our students and staff conducive to high levels of productivity and outstanding academic performance through the use of Positive Behavioral Intervention and Supports (PBIS).

PBIS is a school-wide systemic approach to embed evidence-based practices and data-driven decision-making to:

1. Improve school climate and culture in order to achieve improved academic and social outcomes;
2. Increase learning for all students, including those with the most complex and intensive behavior needs;
3. Encompass a range of systemic and individualized positive strategies to reinforce desired behaviors;
4. Diminish reoccurrence of inappropriate or dangerous behaviors, and
5. Teach appropriate behaviors to students.

## **EFFECTIVE DISCIPLINE STRATEGIES**

Appropriate disciplinary response procedures will be determined by grade level, seriousness, and frequency of offenses. Students who violate policies and rules are subject to the following disciplinary alternatives:

1. Restatement of expectations - school staff remind students of expected behavior.
2. Positive practice - staff will ask students to practice expected behavior.
3. Verbal Reprimand - warning given by any staff member designated by the principal.
4. Verbal apology and/or handshake - may be requested by teacher or administrator.
5. Restitution - student will remedy situation physically or financially.
6. Student Responsibility Homework Report - written notice to parent that child has not completed a homework assignment.
7. Special assignment - appropriate assignments during a time a child is present in school, deemed beneficial to correct behavior.
8. Phone call to parent - teacher or administrator may make verbal contact with parent over a discipline problem.
9. Conference with parent and/or student - teachers and/or administrators may request a meeting to discuss the student's behavior.
10. Behavior contract - contract for specific behavior between teacher, student, and/or administrator/ counselor/ parent.
11. Withdrawal of privileges - special events (such as but not limited to end of the year picnic or field trips), extracurricular activities or otherwise appropriate to grade level by teacher or administrator.
12. Temporary removal from class - the immediate temporary removal of a student from a classroom by teacher or administrator.
13. Benched room - placement of a student in a classroom under the supervision of certified personnel.
14. Office referral - student will be sent to the principal and/or assistant principal.
15. Detention - a 60-minute study time after school for a single disciplinary problem, tardy issues, or for multiple disciplinary offenses.
16. Shadowing - for a child to remain in class a parent may be requested to attend school with their child for a specific time. The teacher's and administrator will make this determination and set parameters for the visit.

17. Schedule change - with agreement of teacher and administrator placing a child in another class.
18. Counselor referral - for a child whose behavior may be modified with one-to-one counseling. Initial contact with the student referred will occur within three school days of referral. If the counselor is not at school, the principal or assistant principal will handle the initial meeting.
19. Time out - assigning a child a special place in the room, lunchroom, and anywhere else to prevent interaction with other students by a teacher or administrator.
20. Student Conduct Report – see separate statement explaining this report.
20. Saturday School - see separate statement on Saturday School.
21. Referral to outside agency - this may include Social Services, Mountain Comprehensive Care or District Court Worker.
22. In-School Suspension (ISS) - see separate statement on In-School Suspension.
23. Corporal Punishment - see separate statement on Corporal Punishment.
24. Out-of-School Suspension - see separate statement on Out-of-School Suspension.
25. Expulsion - see separate statement on Expulsion.
26. Any appropriate action necessary to insure the safety and security of students, staff and faculty.

## HOMEWORK POLICY

Homework is an important element of the Pikeville Elementary School's educational program. To be effective, learning requires an integrated approach among teachers, parents, and students.

Homework is defined as assignments to be completed outside the regular school day that reinforce instruction, increase understanding and retention, prepare a student for class discussion, and provide curriculum enrichment opportunities. Not all homework will be in the form of written assignments. Some homework, especially in the primary level, may involve students reading to their parents, as well as parents reading to their children and students involved in creating a project.

**Please note:** Long-term assignments could take longer, but would be assigned so that the student could work over a period of several days, therefore not exceeding the daily maximum.

**I. Purpose:** This homework policy has been developed to establish responsibilities and guidelines for minimum standards for the assignments, evaluation, and monitoring of homework assignments. This policy is intended to guide teachers and parents of all students at Pikeville Elementary.

It does not apply to students receiving homebound instruction or whose instructional program is governed by individual education plans when those plans exclude the prospect of homework.

**II. Amount:** Here are some general guidelines for consistency in our homework assignments. We realize children's completion rates do vary, and in-class work habits may determine the amount of work going home. *Therefore, assignments not completed in class may also affect an individual student's total number of minutes. The time allotment is an average amount of time needed to complete an individual assignment.*

Kindergarten	10 minutes
First Grade	10 minutes
Second Grade	20 minutes
Third Grade	30 minutes
Fourth Grade	40 minutes
Fifth Grade	50 minutes
Sixth Grade	60 minutes

Regular homework will not be assigned during fall break, Thanksgiving vacation, Christmas vacation, or spring break.

After a parent or child has chosen for the child to miss two consecutive detentions without prior administrative approval, the detention shall automatically change into a one day In-school suspension.

A student will be assigned a Saturday School upon committing a violation that results in receiving three disciplinary report forms. After receiving three such forms the student will be assigned to the next scheduled Saturday School.

### **CORPORAL PUNISHMENT**

The use of corporal punishment should never be the first line of correction. District policy requires that these guidelines be followed in using corporal punishment:

- a. Written permission of the parent
  - b. Performed by certified school personnel, such as teachers and principals
  - c. Two certified staff witnesses
  - d. Development of a "Behavior Improvement Plan" for any student spanked a second time

## **BULLYING, HARRASSMENT, AND INTIMIDATION**

Kentucky defines harassment, intimidation, or bullying as any intentionally written message or image, verbal or physical act, including but not limited to one shown to be motivated by race, color, religion, national origin, gender, sexual orientation, mental or physical disability, or other distinguishing characteristics. Such as:

- Physically harms a student or damages the student's property
- Has the effect of substantially interfering with a student's education
- Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment
- Has the effect of substantially disrupting the orderly operation of the school.

Parents should contact the Principal, Assistant Principal, or School Counselor immediately if your child reports any bullying allegations. These allegations are taken seriously by being investigated and by taking appropriate corrective actions when necessary. Please keep in mind that due to privacy laws, you may not be aware of how the school is handling the harassment, intimidation, or bullying.

## **CYBERBULLYING**

Cyberbullying is a form of bullying committed by transmission of a communication including, but not limited to, a message, text, sound or image by means of an electronic device including, but not limited to, a telephone, wireless telephone or other wireless communication device, computer or pager. The district has jurisdiction over cyberbullying that uses the district's technology resources or that originates on district property, at a district activity or on district transportation. Even when cyberbullying does not involve district property, activities or technology resources, the district will impose consequences and discipline for those who engage in cyberbullying if there is a sufficient connection to the educational environment, the behavior materially and substantially disrupts the educational environment, the communication involves a threat as defined by law, or the district is otherwise allowed by law to address the behavior.

## **BULLYING OR CONFLICT?**

There's a difference between selfish actions or thoughtlessness and true bullying among kids. In most incidents at school, two children aren't able to get along or sort out their issues. It may be one "mean moment" or some conflict between them that needs to be resolved. Some kids need guidance on conflict resolution into middle and high school.

Most experts agree that a child crosses the threshold into bullying if actions are intentional, one-sided, and occur repeatedly. If there is an issue, talk to the teacher, who may know if something is going on or can watch for issues at school. If the issue does not get resolved, the teacher will know the next steps to follow.

### **PES TELECOMMUNICATION DEVICES**

Students are not to carry a device on them throughout the day but are to leave them in the designated area in each classroom.

- The 1<sup>st</sup> time a student is caught using a device inappropriately it will be taken and returned to the student at the end of the school day. There may also be a grade level consequence.
- The 2<sup>nd</sup> time a student is caught using a device inappropriately it will be taken and the parent will be required to pick it up at school. There may also be a grade level consequence.
- The 3<sup>rd</sup> time a student is caught using a device inappropriately he/she will no longer be allowed to possess a device on school property for the remainder of the school year. There may also be a grade level consequence.
- Any other consequences will be determined by school administration.

### **REMOVAL OF STUDENTS**

School administrators may immediately remove or cause to be removed threatening or violent students from a classroom setting. Threatening or violent behavior includes, but not limited to:

1. Verbal or written statements or gestures by students indicating intent to harm themselves, others, or property.
2. Physical attacks by students so as to intentionally inflict harm to themselves, others, or property.

A threat assessment will be completed and submitted to document the removal and the causes, if known. School administrators will review the removal as soon as possible to determine if further disciplinary action is warranted or if the students can return to the classroom.

### **Extracurricular Activity Grievances**

Any student who wishes to express an extracurricular concern or grievance shall observe the above order of appeal, whereby the coach or sponsor replaces the teacher as the first contact. Extracurricular grievances shall not be heard by the Superintendent or the Board of Education, but instead may be heard by the Site-Based Council, whereby the decision of the Council shall be final as outlined by board policies 09.4281 and 09.4281 AP.1.

## **STUDENT RECORDS**

Records containing student information shall be made available to the parent of the student/guardian, or eligible student on written request. Eligible students include those 18 years of age or older or those enrolled in a postsecondary school program. For information concerning access or corrections to student records, contact the Principal or the Superintendent at the Central Office address and telephone number listed on the front cover.

## **DEVELOPMENT OF**

### **THE CODE OF ACCEPTABLE BEHAVIOR AND DISCIPLINE**

This Code was developed by a committee representing schools, the Central Office, the Board of Education, students, parents, and the community. The Attorney for the Board of Education has reviewed it, and the Board of Education adopted it July 2017.

Each year schools shall distribute copies of the Code to all students and employees of the district and to parents/guardians of the students, including those who enroll after the beginning of the school year. The Superintendent has directed that the Code be posted in each school, with the Principal being responsible for seeing that guidance counselors and other personnel discuss its contents with students in a timely and age-appropriate manner. In addition, each school will reference the Code in the school's handbook(s). On request, the Principal shall provide help for non-English speaking, blind, deaf, or non-reading students and parents so that they can have access to the information contained in the Code.

Each year, the Code Committee will review the Code in preparation for the upcoming school year. It welcomes suggestions as to how to improve this document. Individuals may send written comments to the Superintendent who will forward them to the Code Committee. Information should be submitted by April 1.

### **ATTENDANCE POLICY**

#### **ABSENCE**

An absence shall be defined as a student who is not present and accounted for during a day when school is in session. Students returning to school after being absent must check in at the front office with written documentation for their absence. It shall be the responsibility of the student to present the admittance slip from the front office to the homeroom teacher and all other teachers from whose classes the student was absent. Teachers shall not admit any student to class or homeroom without an admittance slip. Three absences and tardies, per semester,

may be marked excused when the student presents a note from the parent/guardian stating a valid reason for the absence. Any other absence or tardy will be excused only when the student presents original documentation that a doctor has been consulted and in the opinion of the physician, the student should not have attended school. Absences due to other extenuating circumstances beyond the student's control must be appealed to the Attendance Committee and/or school principal for approval. All absences shall be considered unexcused unless the student brings a note from the parent or original documentation for an approved school absence (see below) upon returning to school. It is the sole responsibility of the student and parent to present this documentation to the front office attendance clerk at each school.

## **DEFINITIONS OF ABSENCES AND TARDINESS (Time Intervals)**

### **EXAMPLES OF EXCUSED ABSENCES**

Absences may be excused for the following reasons:

- a. Personal illness of the student
- b. Serious illness in the immediate family
- c. Death in the family
- d. Local medical or dental appointments (only a portion of the day may be used)
- e. To take driver's permit test (only a portion of the day may be used)
- f. To take driver's test (only a portion of the day may be used)
- g. Appearance in court as witness or one that is under subpoena to appear for circumstances that are not of the student's own offense.
- h. Extenuating circumstances that have been reviewed by the Principal, DPP or approved by the Attendance Committee.
- i. Other valid reasons as determined by the principal including trips qualifying as educational enhancement opportunities. (Note: An Educational Enhancement Request Form must be completed and returned to the Principal at least five (5) days prior to the absence.)
- j. Visitation to a college by a graduating senior when such visitation cannot be done other than during a school day. An Educational Enhancement Statement must be completed by the student and approved by the Principal at least five (5) days prior to the absence.
- k. Participation as part of a school sponsored interscholastic athletic team, who compete in a regional or state

tournament sanctioned by the Kentucky Board of Education or the KHSAA.

### **LOCAL BOARD POLICY**

**09.123** Local board policy states, unless otherwise noted in the school's approved SBDM policy, that any student who has an unexcused absence shall not be allowed to make up tests, class projects, or homework. The student will be given zeros for all work assigned on the day the absence occurs. Written documentation as to the cause of the absence will need to be presented in order to make arrangements for the work to be made up.

**09.122** Compulsory Attendance - All children in the district who have entered Kindergarten or who are between the ages of six (6) as of October 1 and eighteen (18), except those specifically exempted by statute, shall enroll and be in regular attendance in the schools in which they are assigned.

### **TRUANCY**

Students who are excessively absent or tardy without valid excuse may be subject to both academic and legal penalties:

**KRS 159.150 states that any student who has been absent from school without valid excuse for three (3) or more days, or tardy without valid excuse for three (3) or more days during a one (1) year period is declared a truant. The Director of Pupil Personnel (DPP) may cite a parent to the Court Designated Worker (CDW) under this statute for failure to send a child to school. Any child who has been reported as truant two (2) or more times during a one (1) year period is declared a habitual truant. Habitual truants will be cited by the DPP to appear before the CDW to answer the charge of failure to send a child to school. An assessment will be done by the CDW to determine if court action should follow. Parents may be fined for failing to send their child to school in either case as the law makes no differentiation between penalties for truants and habitual truants. (KRS 600.020)**

### **EXAMPLES OF UNEXCUSED ABSENCES**

Absences will be considered unexcused when:

- a. The absence is not accompanied by a note from a parent-guardian or physician.
- b. The absence is a result of suspension by the school. (The student is still required to obtain an admittance slip upon return to school after the suspension period has been served.)
- c. The absence is a result of appearance in court due to unlawful activity on the part of the student. (The absence may be appealed if the court finds the student innocent of the charges.)

## **EDUCATIONAL ENHANCEMENT OPPORTUNITY**

To request an absence to attend or participate in an educational activity, please complete an Educational Enhancement Opportunity (EHO) application form and return it to school at least five (5) days prior to the absence. Such an absence as requested by application and approved by the Principal, will be considered an excused absence. The major intent of the activity must be educational in order for the student to be granted this type of absence. The proposed activity must have significant educational value and be composed of an intensive program related to the core curriculum (e.g. art programs, dance programs, State Fair activities, workshops that are educational in nature, college visits, etc.) The Principal will use his/her good judgement to determine if the activity meets guidelines. A student may be approved for up to ten (10) days of absence per year for this purpose. Student who are granted an absence under this law will be allowed to make up all school work. Student grades cannot be affected by lack of attendance or participation in classes for approved days. **This type of absence cannot occur during the school's state assessment or District-Wide assessments, unless there are extenuating circumstances that approved by the Principal and/or Building Assessment Coordinator.** Decisions may be appealed to the Superintendent and then to the Board of Education. (09.123 AP.2)

## **CHECK-OUT POLICY**

Students who must leave before the school day ends must check out through the office as part of the safety policy, it is also required that a parent or guardian must come to the school to check the student out. Upon returning to school, the student must obtain an admittance slip from the office before returning to classes. The student will be counted tardy if he/she misses from 1 minute to 60 minutes of instructional time, even if the student is checked out in the afternoon. Students leaving school during any part of the day without checking out will be considered "skipping" school and will be reported to the DPP.

## **CONSEQUENCES OF EXCESSIVE TARDINESS**

When a student is tardy without excuse on four (4) occasions, a Saturday School session will be assigned. Notification of the Saturday School will be given to the student and parent/guardian no later than the Thursday afternoon before the Saturday School session. It is the responsibility of the student to bring study material to the session. Failure to attend Saturday School will result in one (1) day of in-school detention.

## **SCHOOL CLOSING**

In the event of severely inclement weather or mechanical breakdown, school may be closed or the starting time delayed. The same conditions may also necessitate early dismissal. School closing, delayed starting time or early dismissal will be announced through the media and posted on the district webpage. School closing or snow schedules will be

announced. If no announcement is made, it can be assumed that school will be in regular session. Please do not call the school or the radio stations. Telephone lines must be kept open for emergencies.

Whenever a teacher or school administrator is functioning in his capacity as an employee of a school board of education of a public school system, it shall be unlawful for any person to direct speech or conduct toward the teacher or school administrator when such person knows or should know that the speech or conduct will disrupt or interfere with normal school activities or will nullify or undermine the good order and discipline of the school.

### **BULLYING/HAZING**

The mission of Pikeville Independent Schools is to provide a rigorous, relevant education in a positive, nurturing environment to develop each student as a lifelong learner and responsible citizen in a global community. A positive, nurturing environment implies a climate of safety and civility for the school community.

As referenced in board policy 09.422 the use of lewd, profane or vulgar language is prohibited. In addition, students shall not engage in behaviors such as hazing, bullying, menacing, taunting, intimidating, verbal or physical abuse of others, or other threatening behavior. This policy extends to any/all student language or behavior including, but not limited to, the use of electronic or online methods. Such behavior is disruptive to the educational process and interferes with the ability of other students to take advantage of the educational opportunities offered.

Bullying means any unwanted verbal, physical, or social behavior among students that involves a real or perceived power imbalance and is repeated or has the potential to be repeated:

- That occurs on school premises, on school-sponsored transportation, or at a school sponsored event

- That disrupts the educational process

Bullying includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose. This definition shall not be interpreted to prohibit civil exchange of opinions or debate or cultural practices protected under state or federal Constitution where the opinion expressed does not otherwise materially or substantially disrupt the education process.

Students who believe them or any other student, employee, or visitor is being or has been subjected to harassment, discrimination and/ or bullying shall, as soon as reasonably practicable, report it. Students wishing to report the act of bullying/hazing or any violation, stated above, of the Code of Acceptable Behavior and Discipline may report it to any classroom teacher at their school, who shall take appropriate action as defined by board policy 9.422. The teacher shall refer the report to the principal/designee for further action when the report involves an offense that may warrant suspension or expulsion of a student, any felony offense, or a report that may be required by law, including reports to law enforcement.

The principal and/or his designee will be responsible for investigation, reporting and appropriate disciplinary action if required.

### **Parent/Guardian Responsibilities**

Any complaints of drivers, pupils or parent/guardians shall be reported promptly to the principal/assistant principal or the transportation director. Parents/guardians should:

1. Report any misconduct on school buses to the principal/assistant principal

In the interest of pupil safety, the Pikeville Independent Board of Education approved board order #219. June 12, 1989, which states "no student is permitted to cross Hambley Blvd, at any time while loading or unloading school buses." We make every effort to have as few students as possible cross any street or road to load or unload a school bus.

**We would like to warn everyone, one more time. Please be extremely careful of drawstrings, toggles, backpacks, or loose fitting clothing being caught in the handrails or doors of school buses. The two**

**most deadly things concerning students and transportation are handrails and loading and unloading.**

Students shall comply with any additional rules developed by the school concerning appropriate use of telecommunication devices.

**SECURITY CAMERAS**

Pikeville Elementary uses security camera systems to promote a safe, orderly learning environment.

**Acceptable Use of Technology Access to Electronic Media**

The Board supports the right of students, staff, and community members to have reasonable access to various information formats and believes it is incumbent upon students, staff, and community members to utilize this privilege in an appropriate and responsible manner as required by this policy and related procedures, which shall apply to all parties who use District technology.

Certified employees are required to follow Board policy and administrative procedures and guidelines designed to provide guidance for access to electronic media. In addition, all staff members are required to sign a written agreement prior to being granted independent access to electronic media involving District technological resources. Individuals who refuse to sign required acceptable use documents or who violate District rules governing the use of District technology shall be subject to loss or restriction of the privilege of using equipment, software, information access systems or other computing and telecommunications technologies.

Because access to the Internet may expose users to items that are illegal, defamatory, inaccurate, or potentially offensive, we require all students under the age of eighteen (18) to submit a completed Parent Permission/User Agreement Form to the Principal/designee prior to access/use of District telecommunications and electronic information resources. All other users will be required to complete and submit a User Agreement Form prior to access/use.

**Rules and Regulations:**

Access is a privilege—not a right. Users are responsible for appropriate behavior on school computer networks. Independent access to network service is given to individuals who agree to use resources in a responsible manner. Users are required to comply with District standards and to honor the access/usage agreements they have signed. Beyond clarification of user standards, the District is not responsible for restricting, monitoring, or controlling the communications of individuals utilizing the network independently.

## **Supervision of Student Computer Use:**

Teachers shall supervise all student computer use to ensure it is used for educational purposes and non-approved software, programs, and resources are not utilized.

Students shall be provided instruction about appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms and cyberbullying awareness and response.

Internet safety measures, which shall apply to all District-owned devices with Internet access or personal devices that are permitted to access the District's network, shall be implemented that effectively address the following:

- Controlling access by minors to inappropriate matter on the Internet and World Wide Web;
- Safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
- Preventing unauthorized access, including "hacking" and other unlawful activities by minors online;
- Unauthorized disclosure, use and dissemination of personal information regarding minors; and
- Restricting minors' access to materials harmful to them.

## **Employee Use:**

Employees are encouraged to use electronic mail and other District technology resources to promote student learning and communication with the home and education-related entities. If those resources are used, they shall be used for purposes directly related to work-related activities.

Technology-based materials, activities and communication tools shall be appropriate for and within the range of the knowledge, understanding, age and maturity of students with whom they are used.

District employees and activity sponsors may set up blogs and other social networking accounts using District resources and following District guidelines to promote communications with students, parents, and the community concerning school-related activities and for the purpose of supplementing classroom instruction.

Networking, communication and other options offering instructional benefits may be used for the purpose of supplementing classroom instruction and to promote communications with students and parents concerning school-related activities.

In order for District employees and activity sponsors to utilize a social networking site for instructional, administrative or other work-related communication purposes, they shall comply with the following:

1. They shall request prior permission from the Superintendent/designee.
2. If permission is granted, staff members will set up the site following any District guidelines developed by the Superintendent's designee.
3. Guidelines may specify whether access to the site must be given to school/District technology staff.
4. If written parental consent is not otherwise granted through AUP forms provided by the District, staff shall notify parents of the site and obtain written permission for students to become "friends" prior to the students being granted access. This permission shall be kept on file at the school as determined by the Principal.
5. Once the site has been created, the sponsoring staff member is responsible for the following:
  - a. Monitoring and managing the site to promote safe and acceptable use; and
  - b. Observing confidentiality restrictions concerning release of student information under state and federal law.

Staff members are discouraged from creating personal social networking sites to which they invite students to be friends. Employees taking such action do so at their own risk.

All employees shall be subject to disciplinary action if their conduct relating to use of technology or online resources violates this policy or other applicable policy, statutory or regulatory provisions governing employee conduct. The Professional Code of Ethics for Kentucky School Certified Personnel requires certified staff to protect the health, safety, and emotional well-being of students and confidentiality of student information. Conduct in violation of this Code, including, but not limited to, such conduct relating to the use of technology or online resources, must be reported to Education Professional Standards Board (EPSB) as required by law and may form the basis for disciplinary action up to and including termination.

### **The Network:**

The Pikeville Independent School District provides students and staff with a service called the Network. The Network is a computer service, which includes the use of computers, servers, software, Internet and e-mail. These procedures also address the use of stand-alone computers, peripherals, telephone usage and other instructional technology equipment.

In addition to providing students and staff with the understanding and skills needed to use technology resources and telephone services in an appropriate manner, the Pikeville Independent School District:

- Reserves the right to monitor all activity on the Network, Internet and e-mail.
- Reserves the right to monitor computer use or lack of use.
- Reserves the right to deny access to the Network, Internet and e-mail to any individual.
- Shall establish procedures that will maximize the Network system security.
- Shall supervise student and staff use of the Network, Internet, e-mail, district managed cloud storage and telephones.

The standards for student and staff access to the Pikeville Independent School District Network are as follows:

- Network access throughout the District is to be used for instruction, professional development, educational research, and school administration. District access is not to be used for private business.
- Instructional staff will select and guide students on the appropriate use of Internet and instructional software on the Network.
- The district will be responsible for supervising network use. Auditing procedures are in place to monitor access to the network. School and district network content filters will be continually monitored and updated in accordance with the federal legislation, Children's Internet Protection Act (CIPA: 47 U.S.C. 254), KY Senate Bill 230, and KY KAR 5:120. However, the District cannot continually monitor every communication and network session for every student and staff member beyond the scope of supervision defined in the user agreement.
- A technology protection measure may be disabled by the Board's designee during use by an adult to enable access for bona fide research or other lawful purpose.
- Internet access and supervision from outside the District premises is the responsibility of the parents and guardians of students.
- Student users shall not reveal their full name and personal information (address, phone number, financial information, social security number, etc.) or establish relationships with "strangers" on the network, unless instructional staff has coordinated the communication.

**Telephone Usage:**

- Telephone service is available primarily to provide two-way communications with school offices and for contact with parents.

- Staff will refrain from using telephones during instructional time.
- Students may use the telephones under staff supervision when there is a legitimate need such as calling parents to arrange transportation, delivery of medicine or clothes, or similar rare circumstances.
- Instruction time will not be interrupted to transfer calls except in emergencies.

All guidelines governing inappropriate language apply to telephone usage and procedures governing telephone usage also apply to District cellular phones and other wireless telecommunication systems.

### **Computer Use Guidelines:**

When a student, teacher, or staff member at a Pikeville school accesses computers, computer systems, and computer networks owned or operated by the Pikeville Independent Schools, he or she assumes certain responsibilities and obligations. All access of this type is subject to school policies and to local, state, and federal laws. The school administration expects that student, faculty, and staff use of computers provided by the school will be ethical and will reflect academic honesty. Students, faculty and staff must demonstrate respect for intellectual property, ownership of data, system security mechanisms, and rights to privacy.

As a computer operator, you are expected to make appropriate use of computer resources provided by the Pikeville Independent Schools. You must:

- Use computer resources only for authorized purposes following established procedures;
- Be responsible for all activities on your assigned computer;
- Access only files and data that are your own, which are publicly available, or to which you have been given authorized access;
- Use only legal versions of copyrighted software;
- Be considerate in your use of shared resources;
- Abide by the acceptable Internet use policy.

Computer operators must not make inappropriate use of computer resources provided by the Pikeville Independent Schools. Inappropriate actions include but are not limited to:

- Using another person's login name or password;
- Installing, downloading, or using any unauthorized software or hardware on any District computer system or Network;
- Using another person's files, system, or data without permission;

- Using computer programs to decode passwords or to access control information;
- Attempting to circumvent or subvert system security measures;
- Engaging in any activity that might be harmful to systems or to any information stored thereon, such as creating viruses, damaging files, or disrupting service;
- Making or using illegal copies or copyrighted software, storing such copies on school systems, or sending them over networks;
- Using mail service to harass others;
- Wasting computing resources, such as paper, by printing excessive copies;
- Playing games across the network, including MUD (multi-user games);
- Violating the regulations of the Pikeville Independent Schools regarding appropriate use of the Internet.

The Pikeville Independent Schools considers any violation of appropriate use principles or guidelines to be a serious offense and reserves the right to copy and examine any files or information that may suggest that a person is using school computer systems inappropriately. Violators are subject to disciplinary action by school officials that may include loss of computer privileges and in or out of school suspension. Offenders may also be prosecuted under laws including, but not limited to, the Privacy Protection Act of 1974, the Computer Fraud and Abuse Act of 1986, the Computer Virus Eradication Act of 1989, and the Electronic Communications Privacy Act.

#### **Internet/Email Access:**

The Pikeville Independent School District provides access to the Internet for all students, faculty, and staff that is obtained through Kentucky's Public Education Network. Students must have permission from at least one of their parents or guardians to access the Internet at school.

The Pikeville Independent School District also provides e-mail access to all faculty, staff, and students in grades 4-12. Students under the age of 18 must have parental permission to obtain an email account.

The use of an Internet account is a privilege, not a right, and inappropriate use will result in disciplinary action by school officials and/or cancellation of those privileges. A person's activities while using the Internet in any school must be in support of education and research and consistent with the educational objectives of the Pikeville Independent Schools. In addition, anyone accessing the Internet from a school site is responsible for all on-line activities that take place through the use of his or her account.

The following is a non-exhaustive list of activities that constitute unacceptable use of the Internet/Email:

- Using impolite, abusive, or otherwise objectionable language in either public or private messages;
- Placing unlawful information on the Internet;
- Using the Internet illegally in ways that violate federal, state, or local laws or statutes;
- Using the Internet at school for non-school related activities;
- Sending messages that are likely to result in the loss of the recipient's work or systems;
- Sending chain letters or pyramid schemes to lists or individuals, and any other types of use that would cause congestion of the Internet or otherwise interfere with the work of others;
- Downloading music from Napster or similar sites, using the Internet to listen to radio stations, or downloading videos or viewing videos online;
- Using non-KETS approved email or chat programs (Hotmail, ICQ, etc.)
- Using the Internet for commercial purposes;
- Using the Internet for political lobbying;
- Changing any computer file that does not belong to the user;
- Sending or receiving copyrighted materials without permission;
- Knowingly giving one's password to others;
- Using Internet access for sending or retrieving pornographic material, inappropriate text files, or files dangerous to the integrity of the network;
- Circumventing security measures on school or remote computers or networks;
- Attempting to gain access to another's resources, programs, or data;
- Vandalizing, which is any malicious attempt to harm destroy data or another user on the Internet, including the uploading or creation of computer viruses;
- Falsifying one's identity while using the Internet.

**Disciplinary Action for Inappropriate Use:**

- Student discipline for violation of any part of these procedures shall be based on the severity of the infraction.

- Student disciplinary action includes, but it is not limited to the loss of any or all computer privileges, termination of the user's account, removal from the class with a failing grade and/or suspension or expulsion. Privileges will be reinstated at the discretion of the District's administrators.
- Discipline of staff may involve actions up to and including termination of employment.
- Parents, guardians and/or perpetrators may be billed for damages to technology resources.
- Illegal/criminal activities will be referred to the appropriate law enforcement agency.

### **Responsibility for Damages:**

Students or staff members who deface a District website or otherwise make unauthorized changes to a website shall be subject to disciplinary action, up to and including expulsion and termination, as appropriate.

### **TELECOMMUNICATION DEVICES**

While on school property or while attending school-sponsored or school related activities, whether on or off school property, students shall be permitted to possess and use personal telecommunication devices as defined by law, and other related electronic devices provided they observe conditions as set forth in board policy 9.4261:

Telecommunication devices are defined as any device that emit an audible signal, vibrate, display a message, or otherwise summons or deliver a communication to the processor. This includes any and all forms of wireless devices such as cellphones, tablets, or watches.

### **POSSESSION AND USE**

While on school property or while attending school-sponsored or school-related activities whether on or off school property, students shall be permitted to possess and use personal communication devices as defined by law, provided they observe the following conditions:

1. Devices shall not be used in a manner that disrupts the educational process. Unless an emergency situation exists that involves imminent physical danger or a certified employee authorizes the student to do otherwise, devices shall be turned on and operated only before and after the regular school day.
2. When students violate this prohibition, they shall be subject to disciplinary action including losing the privilege of bringing the device onto school property. In addition, an administrator may confiscate the device, which shall be returned to the student's parent/guardian only.
3. Students are responsible for keeping up with devices they bring to school. The District shall not be responsible for loss, theft, or destruction of devices brought onto school property.
4. Students shall comply with any additional rules developed by the school concerning appropriate use of telecommunication devices and as referenced in Board Policy #09.4261.

## **Notification of FERPA Rights**

The Family Educational Rights and Privacy Act (FERPA) affords parents and “eligible students” (students over 18 years of age or students who are attending a postsecondary institution) certain rights with respect to the student’s education records. They are:

- 1) ***The right to inspect and review the student’s education records within forty-five (45) days of the day the District receives a request for access.***

Parents or eligible students should submit to the school Principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.

- 2) ***The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student’s privacy or other rights.***

Parents or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, or in violation of privacy or other rights. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- 3) ***The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.***

Exceptions that permit disclosure without consent include:

- a. Disclosure to school officials with legitimate educational interests. A “school official” is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as

a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility to the District.

- b. Upon request, disclosure of education records without parent/eligible student notice or consent to officials of another school district or post-secondary institution in which a student seeks or intends to enroll or is already enrolled or to other entities authorized by law so long as the disclosure is for purposes related to the student's enrollment or transfer.
- c. Disclosure of information to those whose knowledge of such information is necessary to respond to an actual, impending, or imminent articulable and significant health/safety threat.

- 4) ***The right to notify the District in writing to withhold information the Board has designated as directory information as listed in the annual directory information notice the District provides to parents/eligible students.***

To exercise this right, parents/eligible students shall notify the District by the deadline designated by the District.

- 5) ***The right to prohibit the disclosure of personally identifiable information concerning the student to recruiting representatives of the U. S. Armed Forces and its service academies, the Kentucky Air National Guard, and the Kentucky Army National Guard.***

Unless the parent or secondary school student requests in writing that the District not release information, the student's name, address, and telephone number (if listed) shall be released to Armed Forces recruiters upon their request.

- 6) ***The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.*** The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-8520

## **Student Directory Information Notification**

Per P.L. 107-110 (No Child Left Behind Act of 2001) a district may designate within FERPA guidelines what it considers "Directory Information." Most districts already have directory information via means of yearbooks or photos of athletes or athletic events—that is, students are identified by photo, name, and grade level. From time to time, the school, classroom, or individual students are recognized by school personnel, local or state government, and/or the media for noteworthy performance, achievement, and/or participation in co-curricular or extra-curricular activities. This may require the release of some types of "directory information." As mentioned above, school publications such as the yearbooks, sports programs, graduation programs, and honor roll are considered to contain directory information. Following is a list of items that the Pikeville Independent District considers student directory information: **(Board Policy/Procedure 09.14 AP.12)**

- Student's name/gender
- Address
- Photograph/video
- Date and place of birth
- Dates of attendance
- Student's major field of study
- Academic honors/degrees
- Honor roll
- Information about the student's participation in officially recognized activities and sports
- Student's weight and height (if member on an athletic team)
- Most recent educational institution attended
- NCLB Section 9528; allows military recruiters access to secondary school student names, addresses, and telephone listings

Per P.L. 107-110 (No Child Left Behind Act of 2001) if the District provides access to its campus or its student directory information concerning occupational or educational options, the Board shall provide access on the same basis to official recruiting representatives of the U.S. Armed Forces and its service academies, the Kentucky Air National Guard and the Kentucky Army National Guard.

Consistent with the Family Educational Rights and Privacy Act (FERPA), parents (or eligible students) may direct the District not to disclose directory information listed above. We are required to disclose a student's name, address, and telephone listing at the request of Armed Forces recruiters, unless a parent or high school student, regardless of age, requests that this information not be disclosed.

**If you wish the Pikeville Independent School District to withhold student directory information please contact the main office in writing within thirty (30) days from the receipt of this notification. Remember that by withholding the student's name, grade level, or photograph, your child's information will not be documented in the above-mentioned publications, including school yearbook, program events, or other such publications.**

### **Notification of PPRA Rights**

The Protection of Pupil Rights Amendment (PPRA) affords parents and eligible students (those who are 18 or older or who are emancipated minors) certain rights regarding conduct of surveys, collection and use of information for marketing purposes, and certain physical examinations. These include the right to:

- ◆ **Consent before minor students are required to submit to a survey, analysis, or evaluation** that concerns one (1) or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education:
  1. Political affiliations or beliefs of the student or student’s parent;
  2. Mental or psychological problems of the student or student’s family;
  3. Sex behavior or attitudes;
  4. Illegal, anti-social, self-incriminating, or demeaning behavior;
  5. Critical appraisals of others with whom respondents have close family relationships;
  6. Legally recognized privileged relationships such as with lawyers, physicians, or ministers;
  7. Religious practices, affiliations, or beliefs of the student or the student’s parents; or
  8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).
  
- ◆ **Receive notice and an opportunity to opt a student out of:**
  1. Any other protected information survey, regardless of funding;
  2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student (except for any physical exam or screening permitted or required under state law); and

3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others. **NOTE:** If the parent/eligible student has indicated no directory information is to be provided to third parties or if the marketing activity involves provision of social security numbers, consent form 09.14 AP.122 should be used.

◆ **Inspect, upon request and before administration or use:**

1. Protected information surveys to be used with students;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

The District shall annually provide parents and eligible students notice of these rights under law in the Student Handbook, the District *Code of Acceptable Behavior and Discipline*, or other avenue designated by the Superintendent/designee.

The District shall also notify parents and eligible students at least annually at the start of each school year of the specific or approximate dates of the activities listed above. A new or supplemental notice shall be given as necessary to provide the opportunity to consent or opt out under the standards set forth above. Parents/eligible students who believe their rights have been violated may file a complaint with:

**Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Ave., SW  
Washington, D. C. 20202-8520**
